AUDITED FINANCIAL STATEMENTS FOR YEAR ENDED 31ST MARCH 2026

Directors' Report

The Directors present their annual reports on the affairs of University Press Plc, along with the audited Financial Statements for the year ended 31st March 2026.

1. **LEGAL FORM, PRINCIPAL ACTIVITIES AND BUSINESS REVIEW**

   The Company was incorporated in Nigeria on the 14th of August, 1978. A Public Limited Liability Company listed on the Nigerian Group Exchange (NGX) commenced operations in Nigeria as a branch of Oxford University Press in 1949.

   The Company's principal activity is publishing, sales and distribution of educational books and materials. The Company will carry on fulfilling its objectives as stated in its memorandum of association.

2. OPERATING RESULTS

   The Company's turnover increased by 14% and the profit before tax was N389.5m, a 37% increase compared with the previous year's result. Highlights of the Company's operating results for the year under review are as follows:

	March 2026	March 2025
	N'000	N'000
Revenue	3,894,772	3,402,471
Profit/(Loss) before tax	389,520	(619,733)
Taxation	(175,847)	(169,112)
Profit/(Loss)attributable to owners of the entity	213,673	450,626

3. **DIVIDEND**

   The Directors recommend a dividend of 18k (2025:15K) per ordinary share of 50 kobo each amounting to N77,653,710 to be paid to shareholders subject to approval at the Annual General Meeting. The proposed dividend is subject to withholding tax and is payable on 24th September 2026 to shareholders whose names appear on the Register of Members as at close of business on Friday, 31st August 2026.

4. **CORPORATE GOVERNANCE**

   The Company is committed to the best practices and procedures in Corporate Governance. Its business is conducted in a fair, honest and transparent manner which conforms with the Code of Best Practices on Corporate Governance in Nigeria. Examples of the Company's compliance with these Corporate Governance requirements during the year under review includes but not limited to:

a. **Board Composition**

   The Board consists of a Non-Executive Chairman, Four (4) Non-Executive Directors, and Three (3)Executive Directors, all bringing high level of competence and expertise. They are seasoned professionals and entrepreneurs with vast business management experience and credible track records. The non-executive Directors are independent of management and are free from constraints which may materially affect their judgement as Directors of the Company.

b. Role of the Board

   The Board has the responsibility of ensuring that the company is properly managed and achieves its strategic objectives with the aim of creating sustainable long term value to the shareholders.

5. DIRECTORS AND THEIR INTERESTS

The names of the Directors who served during the year and at the date of this report are as follows:

3. Dr. Lalekan Are	27,101,909	6.28

No other individuals (aside from those listed above) hold above 5% of the Company's issued and fully paid shares.

9. EMPLOYMENT AND EMPLOYEES

9.1 Employees' Health, Safety and Environment

The Company strictly observes all health and safety regulations in force within the Company's premises and employees are aware of existing regulations. Financial provision is also made for all employees in respect of transportation, housing, medical insurance and meals.

9.2 People with Special Needs

It is the Company's Policy that there is no discrimination in the consideration of applications for employment including those of physically challenged persons. All employees, whether physically challenged or not, are given equal opportunities to develop their knowledge and to qualify for promotion in furtherance of their careers.

9.3 Employees' Involvement and Training

The Company attaches great premium to training of its staff. Staff are sponsored to attend local and overseas courses of the highest quality. For the period under review, all staff attended trainings of various types.

10. EVENT AFTER THE REPORTING PERIOD

There are no events after the reporting period which could have had a material effect on the state of affairs of the Company, as at 31st March, 2025 and the profit for the year ended on that date, which have not been adequately provided for or disclosed in these financial statements.

11. AUDIT COMMITTEE

In accordance with the provisions of Section 404 (5) & (6) of the Companies and Allied Matters Act, 2020, the Audit Committee which was elected at the last Annual General Meeting comprising two (2) Non-Executive Directors and three (3) Shareholders' Representatives, functioned effectively during the year under review. The Committee was chaired by a member representing the shareholders. The functions of the Committee are as provided for in Section 404 (7) of the Companies and Allied Matters Act, 2020. The Committee met four times during the year under review.

12. AUDITORS

PKF Professional Services (External Auditors) have indicated their willingness to continue in office as External Auditors of the Company.

A resolution will be proposed at the Annual General Meeting to authorize the Directors to determine their remuneration.

Corporate Social Responsibility

At University Press Plc, Corporate Social Responsibility (CSR) is a key component of our business strategy as we believe that giving back to host communities is a requirement for overall development of the country and our business.

The Corporate Social Responsibility (CSR)'s objective of the Company is to balance the shareholders' value, the welfare of employees, and contributions to the communities and environment where we operate. We ensure that our CSR projects are targeted towards the needs of the society and are sustainable. Our CSR strategy focuses on three major areas namely; community development, education and environment.

Community Development

We are committed to impacting positively in the communities in which we operate in order to encourage both social and economic activities therein.

Education

Apart from being our core business area, we recognise the importance of education to the social, political, economical and technological development of our country. We also appreciate the fact that government alone cannot meet the needs of this key sector.

Environment

We believe in the need to protect and restore the natural environment in which we operate.

Internal Control Report

The Internal Control system of University Press Plc is designed to ensure that material errors or inconsistencies in the financial statements are identified and corrected. It aims at ensuring that the business of the company is conducted in a profitable manner; ensure that its assets are safeguarded and that adequate records are kept for the Company's transactions.

The Internal Control consists of control environment and control procedures. Control environment includes Board of Directors, Audit Committee, Internal Audit and Management. The control procedures on the other hand are the elements of internal control system.

Responsibility of the Board

The Board of Directors of the Company, University Press Plc, acknowledges the importance of the system of Internal Control in the efficient management of the Company and recognizes that it is their responsibility to maintain a sound system of internal control to safeguard the Company's assets and the shareholders' investments.

The Board is responsible for identifying the principal business risks, ensuring the implementation of appropriate systems to manage these risks, monitoring and reviewing the adequacy and integrity of the Company's systems of internal control and management information.

The Board has a Board Committee, Board Risk Management Committee, which performs oversight functions on the Company's Risk Management processes.

The Board Risk Management committee is responsible for setting risk management policies that ensure that material risks inherent in the Company's business or operations are identified and mitigated or controlled.

The Risk Management Committee reviewed extensively the internal control system of the Company and made relevant recommendations for its improvement during the year.

Audit Committee

The control environment of the Company's internal control system also includes the establishment of the Statutory Audit Committee.

The Audit Committee of the Company has three representatives of shareholders and two Non-Executive Directors as members. One of the shareholders' representatives, Mr. Ayuba O. Quadri is the Chairman of the Committee. The Committee is therefore independent.

As part of its functions, the Audit Committee reviews the existence and adequacy of the internal control system. It also reviews the findings of External Auditors on the controls and management's response to the findings.

Quarterly, the Committee considers the internal Auditor's report and ensures the independence of both External and Internal Auditors. The Committee ensures that financial statements are prepared to comply with acceptable standards and practices.

Internal Audit Function

The Company has an independent Internal Audit function to support the review mechanism and assist the Audit Committee and the Board in conducting their review more effectively. Internal Audit is an independent review activity within the Company for the review of its operations as a service to the Company.

The Internal Auditor reports quarterly to the Board of Directors and Audit Committee. He may be directed to carry out investigations into any matters that may be of interest to them.

The existence of Internal Audit function enables the Company to continually review its operations for necessary control action.

The Internal Auditor reports to the Chief Executive Officer, the Board and Audit Committee.

Management Committee

The Company's Management Committee is responsible for implementing risk and other policies set out by the Board. They are also responsible for setting internal control policies and monitoring the effectiveness of the internal control systems. They ensure that proper books of records are kept and that accounting policies are in conformity with International Financial Reporting Standards.

They provide financial and other management information to the Board of Directors and Audit Committee to enable them assess the extent of compliance with established control procedures.

Risk Assessment

The Board and Management regularly assess the risks that could impact on the Company's operations including risks relating to financial reporting.

The Management Committees meet regularly to assess the risks facing the Company in the areas of market, piracy, production or acquisition of titles, liquidity and legal or statutory.

Control Activities or Procedures

The daily activities of the Company are governed by Internal Control procedures to ensure that the business of the Company is carried out in an orderly and efficient manner and ensure that the objectives or goals of the Company are achieved.

The system of Internal Control is designed to provide reasonable but not absolute assurance against material mis-statements or loss. The key procedures or elements of Internal Control system include:

- Organizational structure defining management responsibilities and hierarchy of reporting lines and accountability.
- Physical controls defining access to the Company's non-current and current assets including the use of such assets.
- Limit of authority and approval facilitating delegation of authority. The compliance with the limits is monitored daily by the established internal checks and Internal Audit functions.
- There is segregation of duties. No office can initiate and conclude transactions. Jobs are also rotated from time to time to avoid over familiarity and collusion.
- Detailed budgeting programme with annual budget approved by the Board.
- Regular review by the Board of actual results compared with budget and forecasts.
- Reporting to, and review by the Board of changes in legislation and practices within the publishing sector and accounting and legal developments pertinent to the Company.
- Top Management reviews. These include:

(i) Preparation of Annual budget

(ii) Preparation of Annual Sales, forecast for monthly monitoring and tracking of performance.

(iii) Preparation of monthly financial statements for management review.

(iv) Monthly Profitability Review. This involves comparing budget to actual performance and identifying reasons for variances.

(v) Weekly and periodic Internal Audit Reports eliciting control weakness to management.

(vi) Quarterly Management Report to the Board

(viii) Quarterly reports to the Board eliciting the existing and potential risks facing the Company and the mitigants deployed.

Assurance and Limitation

The Board believes that the current management control, risk management framework and the review mechanism provide reasonable assurance on the effectiveness of the internal control systems of the Company. The collective business and professional experiences of the Board and the management also constitute a key element in the company's risk management systems. Nevertheless, the Board recognizes that Internal Control System should be continuously improved in line with the evolving business and operating environments.

It should also be noted that risk management systems and internal control system are only designed to manage rather than eliminate risks of failure to achieve business objectives. Therefore, these systems can only provide reasonable but not absolute assurance against material misstatements, fraud and losses.

Statement of Directors' Responsibilities in Relation to the Financial Statements for the Year Ended 31 March 2026

In accordance with the provisions of the Companies and Allied Matters Act 2020, the Directors are responsible for the preparation of financial statements which give a true and fair view of the state of affairs of the Company at the end of the year and its profit or loss.

The responsibilities include ensuring that:

i. The Company keeps proper accounting records that disclose, with reasonable accuracy, the financial position of the Company and comply with the requirements of the Companies and Allied Matters Act,

ii Appropriate and adequate internal controls are established to safeguard its assets and to prevent and detect fraud and other irregularities;

iii The Company prepares its financial statements using suitable accounting policies supported by reasonable and prudent judgments and estimates that are consistently applied; and

iv It is appropriate for the financial statements to be prepared on a going concern basis.

The Directors accept responsibility for the preparation of the accompanying financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgments and estimates in accordance with the International Financial Reporting Standards; in compliance with the Financial Reporting Council Act 2023 (as amended) and in the manner required by the Companies and Allied Matters Act, 2020.

The Directors are of the opinion that the accompanying financial statements give a true and fair view of the state of the financial affairs of the Company, in accordance with the International Financial Reporting Standards in compliance with the Financial Reporting Council of Nigeria Act, 2023 (as amended) and in the manner required by Companies and Allied Matters Act, 2020.

The Directors further accept responsibility for the maintenance of adequate accounting records as required by the Companies and Allied Matters Act, 2020 and for such internal controls as the Directors determine is necessary to enable the preparation of fi ancial statements that are free from material misstatements whether due to fraud or error.

The Directors have assessed the Company's ability to continue as a going concern and have no reason to believe that the company will not remain a going concern for at least twelve months from the date of this statement.

Certification of management's assessment of internal control over financial reporting

We certify that:

a) We have reviewed the 2026 Annual Report and financial statements of University Press Plc ("the company").

b) Based on our knowledge, this report does not contain any untrue statement of a material factor or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading for the period covered by this report.

c) Based on our knowledge, the financial statements, and other financial information included in this report, fairly represent in all material respects the financial condition, results of operations, and cash flows of the company as of 31 March 2026, presented in this report.

d) University Press Plc certifying officers:
   1) Are responsible for establishing and maintaining internal controls;
   2) Have designed such internal controls and procedures, or caused such internal controls and procedures to be designed under our supervision, to ensure that material information regarding University Press Plc, is made known to us by others within the entities, particularly during the period in which the report is being prepared;
   3) Have designed such internal control system, or caused such internal control system to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes following generally accepted accounting principles; and
   4) Have evaluated the effectiveness of the Company's internal controls and procedures as of date within 90 days prior to the report and presented in this report our conclusion about the effectiveness of the internal controls and procedures, as of 31 March 2026 covered by this report based on such evaluation.

e) University Press Plc certifying officerss have disclosed, based on our most recent evaluation of the internal control system, to the company's auditors (PKF Professional Services) and the Audit Committee that:
   1) All significant deficiencies in the design or operation of the internal control system which are reasonably likely to affect University Press Plc's ability to record, process, summarise, and report financial information; and
   2) There was no fraud, whether or not material, that involved management or other employees who have a significant role in the company's internal control system.

f) University Press Plc certifying officers have identified, in the report whether or not there were significant changes in internal controls or other facts that could significantly affect internal controls subsequent to the date of their evaluation including any corrective actions with regard to deficiencies noted.

Corporate Responsibility for Financial Statements as at 31 March 2026

The Chief Executive officre and the Chief Financial officer of University Press Plc have reviewed the audited financial statements and accept responsibility for the financial and other information within the annual report. The certifications and disclosures regarding the true and fair view of the financial statements as well as the effectiveness of the internal controls established in the Company are provided below:

Financial Information

i. The audited financial statements do not contain any untrue statement of a material fact or omit to state a material fact, which would make the statements misleading.

ii. The audited financial statements and all other financial information included in the statements are fairly presented, in all material respects, the Company's financial condition and results of operation as of and for the period ended 31 March 2026.

Effective Internal Controls

i. Effective internal controls have been designed to ensure that material information relating to the Company is made known by the relevant staff, particularly during the period in which the audited financial statement report are being prepared.

ii. The effectiveness of the Company's internal controls have been evaluated within 90 days prior to 31 March 2026.

iii. The Company's internal controls are effective as of 31 March 2026.

Disclosures

i. There were no significant deficiencies in the design or operation of internal controls, which could adversely affect the Company's ability to record, process, summarise and report financial data. Furthermore, there were no identified material weaknesses in the Company's internal control systems.

ii. There were no fraud events involving Senior Management or other employees who have a significant role in the Company's internal controls.

iii. There were no significant changes in internal controls or other factors that could significantly affect internal controls.

STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RELATION TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2026

In accordance with the provisions of the Companies and Allied Matters Act 2020, the Directors are responsible for the preparation of financial statements which give a true and fair view of the state of affairs of the Company at the end of the year and its profit or loss.

The responsibilities include ensuring that:

i. The Company keeps proper accounting records that disclose, with reasonable accuracy, the financial position of the company and comply with the requirements of the Companies and Allied Matters Act,

ii Appropriate and adequate internal controls are established to safeguard its assets and to prevent and detect fraud and other irregularities;

iii The Company prepares its financial statements using suitable accounting policies supported by reasonable and prudent judgments and estimates that are consistently applied; and

iv It is appropriate for the financial statements to be prepared on a going concern basis.

The Directors accept responsibility for the preparation of the accompanying financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgments and estimates in accordance with the International Financial Reporting Standards; in compliance with the Financial Reporting Council Act, 2023 (as amended) and in the manner required by the Companies and Allied Matters Act, 2020.

The Directors are of the opinion that the accompanying financial statements give a true and fair view of the state of the financial affairs of the Company, in accordance with the International Financial Reporting Standards in compliance with the Financial Reporting Council of Nigeria Act, 2023 (as amended) and in the manner required by Companies and Allied Matters Act, 2020.

The Directors further accept responsibility for the maintenance of adequate accounting records as required by the Companies and Allied Matters Act, 2020 and for such internal controls as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatements whether due to fraud or error.

The Directors have assessed the Company's ability to continue as a going concern and have no reason to believe that the company will not remain a going concern for at least twelve months from the date of this statements.

UNIVERSITY PRESS PLC

FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2026

Certification of management's assessment of internal control over financial reporting

We certify that:

a) We have reviewed the 2026 Annual Report and financial statements of University Press Plc ("the company").

b) Based on our knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading for the period covered by this report.

c) Based on our knowledge, the financial statements, and other financial information included in this report, fairly represent in all material respects the financial condition, results of operations, and cash flows of the company as of 31 March 2026, presented in this report.

d) University Press Plc certifying officers:

1) Are responsible for establishing and maintaining internal controls;

2) Have designed such internal controls and procedures, or caused such internal controls and procedures to be designed under our supervision, to ensure that material information regarding University Press Plc, is made known to us by others within the entities, particularly during the period in which the report is being prepared;

3) Have designed such internal control system, or caused such internal control system to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes following generally accepted accounting principles; and

4) Have evaluated the effectiveness of the Company's internal controls and procedures as of date within 90 days prior to the report and presented in this report our conclusion about the effectiveness of the internal controls and procedures, as of 31 March 2026 covered by this report based on such evaluation.

e) University Press Plc certifying officers have disclosed, based on our most recent evaluation of the internal control system, to the company's auditors (PKF Professional Services) and the Audit Committee that:

1) All significant deficiencies in the design or operation of the internal control system which are reasonably likely to affect University Press Plc's ability to record, process, summarise, and report financial information; and

2) There was no fraud, whether or not material, that involved management or other employees who have a significant role in the company's internal control system.

f) University Press Plc certifying officers have identified, in the report whether or not there were significant changes in internal controls or other facts that could significantly affect internal controls subsequent to the date of their evaluation including any corrective actions with regard to deficiencies noted.

UNIVERSITY PRESS PLC

STATEMENT OF COMPLIANCE
FOR THE YEAR ENDED 31 MARCH 2026

Corporate Responsibility for Financial Statement as at 31 March 2026

The Chief Executive Officer and the Chief Financial Officer of University Press Plc have reviewed the audited financial statements and accept responsibility for the financial and other information within the annual report. The certifications and disclosures regarding the true and fair view of the financial statements as well as the effectiveness of the internal control established in the Company are provided below:

Financial Information
i. The audited financial statements do not contain any untrue statement of a material fact or omit to state a material fact, which would make the statements misleading

ii. The audited financial statements and all other financial information included in the statements are fairly presented, in all material respects, the company's financial condition and results of operation as of and for the period ended 31 March 2026

Effective Internal Controls
i. Effective internal controls have been designed to ensure that material information relating to the company is made known by the relevant staff, particularly during the period in which the audited financial statement report is being prepared;
ii. The effectiveness of the Company's internal controls have been evaluated within 90days prior to 31 March 2026;
iii. The Company's internal controls are effective as of 31 March 2026.

Disclosures
i. There were no significant deficiencies in the design or operation of internal controls, which could adversely affect the Company's ability to record, process, summarise and report financial data. Furthermore, there were no identified material weaknesses in the Company's internal control systems;

ii. There were no fraud events involving Senior Management or other employees who have a significant role in the Company's internal controls;

iii. There were no significant changes in internal controls or other factors that could significantly affect internal controls.

Independent Auditor's Attestation Report on Management's Assessment of Internal Controls over Financial Reporting

To the Shareholders of University Press Plc

Attestation

We have performed a limited review assurance engagement on management's assessment of the effectiveness of internal control over financial reporting of **University Press Plc ("the Company")** as of 31 March 2026, in compliance with the SEC Guidance on Implementation of Section 89-91 of the Investments and Securities Act 2025 issued by the Securities and Exchange Commission and in accordance with the FRC Guidance on Assurance Engagement Report on Internal Control Over Financial Reporting ("the Guidance") issued by the Financial Reporting Council of Nigeria.

Based on the procedures performed and evidence obtained, nothing has come to our attention to cause us to believe that the Company's internal control over financial reporting as of 31 March 2026 is not effective, in compliance with the SEC Guidance on Implementation of Section 89-91 of the Investments and Securities Act 2025 issued by the Securities and Exchange Commission and the FRC Guidance on Assurance Engagement Report on Internal Control Over Financial Reporting ("the Guidance") issued by the Financial Reporting Council of Nigeria.

Basis for Attestation

We conducted a limited review assurance engagement on management's assessment of the effectiveness of internal control over financial reporting of **University Press Plc ("the Company")** as of 31 March 2026, based on FRC Guidance on Assurance Engagement Report on Internal Control Over Financial Reporting ("the Guidance") issued by the Financial Reporting Council of Nigeria.

Our responsibilities under those sections and the guidance are further described in the Auditor's Responsibilities for the Audit of the internal control procedures over financial reporting section of our report.

We are independent of the Company in accordance with the requirements of the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code) together with the ethical requirements that are relevant to our audit of the internal control procedures over financial reporting in Nigeria.

We have fulfilled our other ethical responsibilities in accordance with the IESBA Code and other ethical requirements that are relevant to our audit of Internal control procedures over financial reporting in Nigeria.

Responsibilities of the Directors and Those Charged with Governance for maintaining effective internal control over financial reporting

The directors are responsible for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting, in accordance with requirement of Section 405 of the Companies and Allied Matters Act, 2020, in connection with Section 1.3 of SEC Guidance on implementation of Sections 89-91 of the investments and securities Act 2025 and in compliance with the FRC Guidance on Assurance Engagement Report on Internal Control Over Financial Reporting ("the Guidance") issued by the Financial Reporting Council of Nigeria.

PKF

Auditor's Responsibilities for the Audit of the internal control procedures over financial reporting

Our responsibility is to express an opinion on the management's assessment of the effectiveness of the Company's internal control over financial reporting based on our limited review.

We conducted our limited review assurance engagement in accordance with "the Guidance", which requires that we planned and performed the assurance engagement and provide a limited assurance report on the entity's internal control over financial reporting based on our assurance engagement. As prescribed in the Guidance, the procedures we performed included:

- obtaining an understanding of internal control over financial reporting,
- assessed the risks that a material weakness may exists, and
- evaluated the result of the test of design and operating effectiveness of internal control based on the assessed risks.

Our engagement also included performing such other procedures as we considered necessary in the circumstances. We believe the procedures performed provide a basis for our report on the internal control put in place by management over financial reporting.

Definition of Internal Control over Financial Reporting

The Company's internal control over financial reporting is process designed by, or under the supervision of, the entity's principal executive and principal financial officers, or persons performing similar functions, and effected by the entity's board of directors, management, and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with Generally Acceptable Accounting Principles and includes those policies and procedures that:

a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company.

b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and direction of the Company; and

c) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Limitations of Internal Control over Financial Reporting

Because of such limitations, Internal Control over Financial Reporting cannot prevent or detect all misstatements, whether unintentional errors or fraud. However, these inherent limitations are known features of the financial reporting process, therefore, it is possible to design into the process safeguards to reduce, though not eliminate, this risk. The major limitation are:

a) Internal Control over Financial Reporting cannot provide absolute assurance due to its inherent limitations

b) it is a process that involves human diligence and compliance and is subject to lapses in judgment and breakdowns resulting from human failures.

c) It can be circumvented by collusion or improper management override.

Other Information

We have also audited, in accordance with the requirements of International Standards on Auditing, the financial statements of the **University Press Plc** and our report dated **24 June 2026** expressed an unqualified opinion.

Independent Auditor's Report

To the Shareholders of University Press Plc

Report on the audit of the financial statements

Opinion

We have audited the accompanying financial statements of University Press Plc (the Company), which comprise the statement of financial position as at 31 March 2026, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the company as at 31 March 2026, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) and in the manner required by the Companies and Allied Matters Act, 2020 and the Financial Reporting Council of Nigeria Act, 2023 (as amended).

Basis of Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Nigeria, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters	How the matter was addressed in the audit
a) Revenue recognition Revenue is a key performance indicators on which the company and its Directors are assessed. There could be pressures on margin and competition which could lead to recognising revenue in the wrong financial year.	**Our audit procedures include, amongst others, the following:** • Reviewed the accounting policy for consistency and management's procedures in the recognition and recording of revenue. Evaluated the design and implementation and the operating effectiveness of internal controls over the approval of goods sold. • For sales of goods to customers during the year, we compared on a sample basis, postings into revenue ledger which is evidence by delivery notes and copy of invoice duly signed by the customers. • For bulk and normal sales, we verified on a sample basis customers' purchase order, delivery notes and signed contract agreements. • Performed data integrity check on revenue including the accuracy of sample of journal entries relating to revenue by checking them to supporting documentations, such as approved credit notes to customers. • Assessed the posting in sales ledger subsequent to year end to understand the basis of any significant/unusual entries. • Tested whether revenue transactions occurring both prior and post year end date were recognised in the correct financial period.
b. Valuation of investment properties The Company adopted fair valuation method in the valuation of investment properties. Included in the total assets at year end are investment properties valued at **N436.2 million** (2025:N377.5 million) representing 24.% of the total Non current assets. The investment properties are stated at their fair values as determined by an independent valuer that was engaged by the management of the company at the reporting date. The assessment of the recoverable amounts of the investments properties by the management is a judgmental process which requires the estimation of the net realisable value. The determination of the fair values involve significant judgement, assumptions and estimation, particularly in selecting the appropriate valuation methodology and valuation basis. Due to the significant assumptions and estimate, valuation of investment properties has been considered as a key audit matter.	**Our audit procedures include, amongst others, the following:** • We considered professional qualification and competence of the external valuer, and reviewed the term of engagement with the valuer. • We considered the appropriateness of the valuation methodology adopted by the valuer. • Reviewed the assumption made in determining the fair values of the investment properties for reasonableness. • We ensured adequate disclosures were made in the financial statements.

Key audit matters	How the matter was addressed in the audit
c) Valuation of inventory The carrying amount of inventories at year end was N1.865 billion representing 63.% of the total current assets. An allowance of N30.1 million has been recorded during the year to reduce the carrying value of the inventories to their estimated realisable values (See Note 20.1). The company's inventory is prone to obsolescence as a result of changes in government curriculum, technological changes, passage of time among others. There is possibility that obsolete and slow moving inventories may not be adequately written down and this may lead to overstatement of inventory.	**Our audit procedures include, amongst others, the following:** • Reviewed management's procedures and policies relating to allowance for obsolete inventories. • Reviewed age analysis of the Company's inventory and ensured that the value of obsolete and soiled inventory were adequately written down. • Reviewed and take note for action, all observations noted during the inventory physical count that could likely affect the allowance calculation of obsolete inventory. • Reviewed and challenged the reasonableness of key management's assumptions used for the impairment based on our knowledge of the business and industry.
d) Impairment of trade receivables - Expected Credit Loss (ECL) assessment on financial The determination of the impairment charge for trade receivables requires the assessment of Expected Credit Loss Model (ECL) using the simplified approach on recoverable amounts in line with IFRS 9. The ECL model involves the application of considerable level of judgement and estimation in determining inputs which are derived from historical records obtained within and outside the company in formulating the financial model. The model also requires assumptions in the estimation of forward looking macro-economic variables in computing the Probability of Default (PD). Due to significance of the financial assets and the related estimation uncertainty, this is considered a key audit matter.	We focused our testing of impairment on the assumption made by management and in line with IFRS 9, Expected Credit Loss Model (ECL). **Our audit procedures include, amongst others, the following:** • Performed an independent review of the impairment calculation and considered all assumptions used in the impairment model and evaluated whether the model complies with the requirements of IFRS 9. • Reviewed the age analysis of debtors and controls put in place by management on the recoverability of receivables that have been long over due. • Reviewed other areas of macro-economic variables such as inflation rates, exchange rate, Gross Domestic Products (GDP). • Confirmed that appropriate disclosures were made in accordance with the entity's accounting policies and applicable financial framework.

Other Information

The Directors are responsible for the other information. The other information comprises the Chairman's statement, Internal control report, Directors' Report; Managing Director's Statement, Audit Committee's Report, Corporate Governance Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance/conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appeared to be materially misstated. If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors and Those Charged with Governance for the Financial Statements
The Directors are responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards; and in the manner required by the Companies and Allied Matters Act, 2020, and the Financial Reporting Council of Nigeria Act, 2023 (as amended) and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercised professional judgment and maintained professional skepticism throughout the audit. We also:

- Identified and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriated in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluated the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Concluded on the appropriateness of the Director's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluated the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicated with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provided the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements
In accordance with the requirement of fifth schedule of the Companies and Allied Matters Act, 2020, we confirm

In our opinion, proper books of account have been kept by the Company, so far as appears from our examination of those books and the Company's statement of financial position and statement of profit or loss and other comprehensive income are in agreement with the books of account.

i) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

ii) The Company have kept proper books of account, so far as it appears from our examination of those books.

iii) The statement of financial position and statement of profit or loss and other comprehensive income are in agreement with the books of account.

Compliance with FRC Guidance on Assurance Engagement Report on Internal Control over Financial Reporting
In accordance with the requirements of the financial Reporting Council of Nigeria, we performed a limited assurance engagement and reported on management's assessment of the Company's internal control over financial reporting as of 31 March 2026. The work performed was done in accordance with ISAE 3000 (Revised) Assurance Engagements Other Than Audit or Reviews of Historical Financial Information and the FRC Guidance on Assurance Engagement Report on Internal Control over Financial Reporting. We have issued an unmodified conclusion in our report dated **24 June 2026**. The report is included in the annual report.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2026

1. The Company
1.1 Legal Form
University Press Plc (The Company) is a Company domiciled in Nigeria. It was founded in 1949 under the name Oxford University Press, Nigeria. The Company was incorporated as a limited liability Company in 1978. The Company was quoted on the Nigerian Stock Exchange on 14th August,1978. The Company's registered Office is Three Crowns Building, Jericho, Ibadan. The Company's products are mainly educational books.

1.2 Corporate office
The Company's registered Office is Three Crowns Building, Jericho, Ibadan.

1.3 Principal Activities
The Company is engaged in the business of printing, publishing and selling of educational books.

2. Basis of preparation
2.1 Statement of compliance
The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB), the interpretations issued by International Financial Reporting Standards Interpretation Committee (IFRIC), The Financial Reporting Council of Nigeria Act, 2023 (as amended), and the requirements of the Companies and Allied Matters Act, 2020.

The financial statements comprise of the statement of profit or loss and other comprehensive income, statement of financial position, statement of changes in equity, statement of cash flows and notes to the financial statements.

These financial statements were authorised for issue by the Directors on 24 June, 2026

2.2 Basis of measurement
The financial statements have been prepared under the historical cost basis except for the undermentioned financial statement areas, which are measured as indicated:

a. Land and buildings are measured using the revaluation model;
b. Investment property is measured at fair value
c. The defined benefit asset is recognised as the net total of the plan assets plus unrecognised past service cost and unrecognised actuarial loss, less unrecognised actuarial gains and the present value of the defined benefit obligation.
d. Available for sale financial assets are measured at fair value
e Financial Instruments are measured at fair value.
f Inventory is measured at lower of cost and net realisable value

The preparation of financial statements in compliance with IFRS requires management to make certain critical accounting estimates. It also requires management to exercise judgement in applying the Company's accounting policies. The areas involving a higher degree of judgement of complexity or areas where assumptions and estimates are significant to the financial statements are disclosed in note 2.4

2.3 Going concern status
The financial statements have been prepared on a going concern basis, which assumes that the entity will be able to meet its financial obligations as at when they fall due. There are no significant financial obligations that will impact on the entity's resources which will affect the going concern of the entity. The directors assess the Company's future performance and financial position on a going concern basis and are satisfied that the entity has adequate resources to continue in operational existence for the foreseeable future. For this reason, the going concern basis has been adopted in preparing the financial statements. The directors have no reason to believe that the Company will not be able to continue as a going concern in the year ahead.

2.4 Use of estimates and judgements
The preparation of the financial statement in conformity with IFRSs requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate are revised and in any future periods affected.

2.5 Changes in accounting policies and disclosures
2.5.1.New and amended standards and interpretations that are effective for the current year
Several standards amendments and interpretations apply for the first time in 2025 but did not have an impact on the financial statements of the Company.

In the current year, the Company has applied a number of amendments to IFRS Accounting Standards issued by the International Accounting Standards Board (IASB) that are mandatorily effective for an accounting period that begins on or after 1 January 2025. Their adoption has not had any material impact on the disclosures or on the amounts reported in these financial statements.

2.5.1.1.Amendments to IAS 21 The Effects of Changes in Foreign Exchangem Rates titled Lack of Exchangeability
The Company has adopted the amendments to IAS 21 for the first time in the current year.
The amendments specify how to assess whether a currency is exchangeable, and how to determine the exchange rate when it is not.

The directors of the company has accessed the application of this amendment above and concluded did not have any material impact on the amounts recognised in the Company's financial statements for prior periods and in future periods.

3. Functional and presentation currency
The Company's functional and presentation currency is the Nigerian Naira. The financial statements are presented in thousands of Nigerian Naira.

4. Standards and Interpretations Issued but not yet effective
The Company has not applied the following new or amended standards that have been issued by the IASB but are not yet effective for the financial year beginning 1 January 2026. The Directors anticipate that the new standards and amendments will be adopted in the Company's financial statements when they become effective. The Company has assessed, where practicable, the potential effect of all these new standards and amendments that will be effective in future periods.

If an entity elects to apply these amendments for an earlier period, it is required to either:
• apply all the amendments at the same time and disclose that fact or
• apply only the amendments to the classification of financial assets for that earlier period and disclose that fa
The amendments are required to be applied retrospectively, in accordance with IAS 8, with specific exception

4.1 Amendments to the Classification and Measurement of Financial Instruments – Amendments to IFRS 9 and IFRS 7 (effective for annual periods beginning on or after 1 January 2026)
On 30 May 2024, the IASB issued targeted amendments to IFRS 9 and IFRS 7 to respond to recent questions arising in practice, and to include new requirements not only for financial institutions but also for corporate entities. These amendments:

* clarify the date of recognition and derecognition of some financial assets and liabilities, with a new exception for some financial liabilities settled through an electronic cash transfer system;
* clarify and add further guidance for assessing whether a financial asset meets the solely payments of principal and interest (SPPI) criterion;

* add new disclosures for certain instruments with contractual terms that can change cash flows (such as some financial instruments with features linked to the achievement of environment, social and governance targets); and
* update the disclosures for equity instruments designated at fair value through other comprehensive income (FVOCI).

The directors of the Company anticipate that the application of these amendments may not have a material impact on the Company's operations or financial statements in future periods.

4.2. IFRS 19 Subsidiaries without Public Accountability: Disclosures (effective for annual periods beginning on or after 1 January 2027)

The directors of the Company anticipate that the application of these amendments may not have a material impact on the Company's operations or financial statements in future periods.

4.3. IFRS 18 Presentation and Disclosure in Financial Statements (effective for annual periods beginning on or after 1 January 2027)

IFRS 18 will replace IAS 1 Presentation of financial statements, introducing new requirements that will help to achieve comparability of the financial performance of similar entities and provide more relevant information and transparency to users. Even though IFRS 18 will not impact the recognition or measurement of items in the financial statements, its impacts on presentation and disclosure are expected to be pervasive, in particular those related to the statement of financial performance and providing management-defined performance measures within the financial statements.

The new standard introduces the following key new requirements:

* Entities are required to classify all income and expenses into five categories in the statement of profit or loss. Namely the operating, investing, financing, discontinued operations and income tax categories. Entities are also required to present a newly-defined operating profit subtotal. Entities net profit will not change.
* Management-defined performance measures (MPMs) are disclosed in a single note in the financial statements.
* Enhances guidance is provided on how to group information in the financial statements.

In addition, all entities are required to use the operating profit sub-total as the starting points for the statement of cash flows when presenting operating cash flows under the indirect method.

Management is currently assessing the detailed implications of applying the new standard on the company's financial statements. From the high-level preliminary assessment performed, the following potential impacts have been identified:

* Although the adoption of IFRS 18 will have no impact on the company’s net profit, the company expects that grouping items of income and expenses in the statement of profit or loss into the new categories will impact how operating profit is calculated and reported. From the high-level impact assessment that the group has performed, the following items might potentially impact operating profit:

  - Foreign exchange differences currently aggregated in the line item ‘other income and other gains/(losses) – net’ in operating profit might need to be disaggregated, with some foreign exchange gains or losses presented below operating profit.

* IFRS 18 has specific requirements on the category in which derivative gains or losses are recognised – which is the same category as the income and expenses affected by the risk that the derivative is used to manage. Although the group currently recognises some gains or losses in operating profit and others in finance costs, there might be a change to where these gains or losses are recognised, and the group is currently evaluating the need for change.

* The line items presented on the primary financial statements might change as a result of the application of the concept of ‘useful structured summary’ and the enhanced principles on aggregation and disaggregation. In addition, since goodwill will be required to be separately presented in the statement of financial position, the group will disaggregate goodwill and other intangible assets and present them separately in the statement of financial position.

* The directors of the company does not expect there to be a significant change in the information that is currently disclosed in the notes because the requirement to disclose material information remains unchanged; however, the way in which the information is grouped might change as a result of the aggregation/disaggregation principles. In addition, there will be significant new disclosures required for:

  - management-defined performance measures;
  - a break-down of the nature of expenses for line items presented by function in the operating category of the statement of profit or loss – this break-down is only required for certain nature expenses; and
  - for the first annual period of application of IFRS 18, a reconciliation for each line item in the statement of profit or loss between the restated amounts presented by applying IFRS 18 and the amounts previously presented applying IAS 1.

* From a cash flow statement perspective, there will be changes to how interest received and interest paid are presented. Interest paid will be presented as financing cash flows and interest received as investing cash flows, which is a change from current presentation as part of operating cash flows.

The Company will apply the new standard from its mandatory effective date of 1 January 2027. Retrospective application is required, and so the comparative information for the financial year ending 31 December 2026 will be restated in accordance with IFRS 18.

5. Summary of significant accounting policies

5.1 Revenue

5.1.1 Performance obligation and timing of revenue recognition

Revenue represents the fair value of the consideration received or receivable for sales of goods in the ordinary course of the Company's activities and is stated net of value-added tax (VAT). The Company derives revenue principally from the sale of books and other educational material. Revenue is recognised at a point in time when control of goods has transferred, being when the products are delivered to the Customer (end users). Delivery occurs when the products have been shipped to the specific location and the control has been transferred and evidence of delivery received from the Customers and the customers has exceeded the period to return the unsold books. The Company has objective evidence that all criteria for acceptance have been satisfied. No revenue is reported if control of the goods has not been transferred to the customers.

5.1.2 Determining the transaction price

The Company has fixed unit price for each of the its products and the Company's revenue is derived from fixed price contract and the amount of revenue to be earned from each contract is determined by reference to those fixed prices. The Company has full discretion over the price to sell its products.

5.1.3 Allocating amounts to performance obligation

For most contracts, there is a fixed unit price for each of the products sold. There is no judgement involved in allocating the contract price to each unit ordered in such contract (It is the total contract price divided by the number of units ordered), Where a Customer orders more than one item, the Company is able to determine the split of the total contract price between each product by referencing to each product's stand alone selling prices.

For service contracts, revenue is recorded in the period in which the services are rendered. Revenue from contract with multiple deliverables or performance obligation is accounted for as a separate performance obligation and the transaction price will be allocated to each performance obligation based on stand-alone prices. Where these are not directly observable, they are estimated based on expected cost plus margin.

5.2 Other income

This comprises rental income, gain from disposal of property, plant and equipment, sale of old books and scraps and allowance loss no longer required. Etc.

Rental income is accounted for on a time proportion basis. Income arising from disposal of items of property, plant and equipment, old books and scraps is recognised at the time when proceeds from the disposal has been received by the Company. The profit on disposal is calculated as the difference between the net proceeds and the carrying amount of the assets.

5.3 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker. The Chief Operating Decision Maker has been identified as the Managing Director.

For management purposes, the Company is organized into two operating segments. These operating segments are the basis on which the Company reports its primary and secondary segment information.

5.3.1 Geographical segments

This is an operating segment based on geographical locations which are independently managed by the respective segment managers responsible for performance of the respective segments. The segment managers report directly to the management of the Company.

The Company considers its main thrust of growth as developing local and international markets for its products. Geographical segment is based on key regions and comprises of West, East, North and Export. It is the primary segment of the Company.

All operating segments' results are reviewed regularly by the Management to allocate resources to the segments and to assess their performance.

5.3.2 Business segments

The Company's business is organized in three operating areas, primary, secondary and tertiary/general reference.

All operating segments' results are reviewed regularly by the Management in order to allocate resources to the segments and to assess their performance.

5.4 Foreign currencies

Transactions in foreign currencies are converted to Naira at the rate ruling on the date of the transaction. Exchange differences arising from the movement in rates between the date of transaction and the date of settlement are taken to the statement of comprehensive income as they arise.

Monetary assets and liabilities denominated in foreign currencies are converted at the rate of exchange ruling at the reporting date. Exchange differences arising in the transaction of monetary items at the reporting date are also recognised in the income statement for the period.

5.5 Property, plant and equipment

All items of property, plant and equipment are initially recorded at cost (cost comprising the acquisition cost of the asset along with any other attributable costs at the date of acquisition).

The cost of an item of property, plant and equipment is recognized as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the company and the cost of such item can be measured reliably.

These cost include costs incurred initially to acquire or construct an item of property, plant and equipment, borrowing costs and the costs of dismantling, removal or restoration, the obligation for which an entity incurs as a consequence of using the item during a particular period.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Subsequent to recognition, property, plant and equipment are measured at cost less accumulated depreciation and impairment losses.

Freehold land and buildings are however, subsequently carried at revaluation model, based on periodic valuation by a professionally qualified valuer.

The revaluations are made with sufficient regularity to ensure that the carrying amount does not differ materially from that which would be determined using fair value at the end of the reporting period. Changes in fair value are recognized in other comprehensive income and accumulated in the revaluation reserve except to the extent that any decrease in value in excess of the credit balance on the revaluation reserve or reversal of such a transaction, is recognized in profit or loss.

Depreciation

Depreciation is computed on a straight-line basis over the estimated useful lives of the property, plant and equipment as follows:

Freehold Buildings	2% per annum
Printing equipment	10% per annum
Furniture and fittings	15% per annum
Computer equipment	33.3% per annum
Other office equipment	10% per annum
Motor vehicles	25% per annum

Freehold land is not depreciated.

Depreciation methods, useful lives and residual values are reviewed and adjusted where necessary at the end of each financial year. The effects of any revision are recognised in profit or loss when the changes arises.

Depreciation method applied is reviewed at the end of each financial year. If there is a significant change in the expected patterns of consumption of the future economic benefit embodied in the assets, the method is changed to reflect the change in pattern of consumption.

Depreciation is not provided on all items of property, plant and equipment until they are available for use. Depreciation is also pro-rated in the year of acquisition and disposal of property, plant and equipment. The depreciation rates or useful lives are reviewed and adjusted if appropriate, at each financial year-end.

Capital work-in-progress

Capital work-in-progress are stated at cost and not depreciated as the assets are not yet available for use. Capital work-in-progress comprises contractor's payments, finance costs and directly attributable costs incurred in preparing these assets for their intended use. Depreciation on assets under construction commences when the assets are ready for their intended use.

Derecognition

The carrying amount of an item of property, plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use or disposal. Gains and losses on derecognition or disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment , and are recognised net in profit or loss in the statement of profit or loss and other comprehensive income

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use. Any gain or loss on derecognition of the asset is included in the profit or loss in the year the asset is derecognized.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable. Items of property, plant and equipment are measured at cost less accumulated depreciation and impairment losses. The assets' carrying values and useful lives are reviewed and written down if appropriate, at each reporting date.

5.6 Intangible assets

Intangible assets are measured at cost less accumulated amortisation and impairment losses. Cost is usually determined as the amount paid by the company. Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific assets it relates. All other expenditure, including expenditure on Internally generated goodwill and brands, is recognised in profit or loss as incurred.

Intangible assets with indefinite useful life are not amortised but are subject to annual reviews for impairment. Intangible assets with finite life are amortised over their estimated economic useful life and only tested for impairment where there is an indicator of impairment. The directors' assessment of the useful life of intangible assets is based on the nature of the asset acquired, durability of the product to which the assets attaches and the expected future impact of competition on the business.

Amortisation is calculated over the assets' cost or other amount substituted for cost, less its residual value. Amortisation is recognised in profit or loss on a straight-line basis over the estimated useful lives of intangible assets, other than goodwill, from the date that they are available for use, since this most closely reflects the expected future consumption pattern economic benefits embodied in the assets.

Research cost - Expenditure on research activities, undertaken with the prospect of gaining new scientific or technical knowledge and understanding, is recognised in profit or loss as incurred.

Development costs - Development activities involve a plan or design to produce new or substantially improved products and processes. Development expenditure, is capitalised only if development costs can be measured reliably, the product is technically and commercially feasible, future economic benefits are probable, and the company intends to and has sufficient resources to complete development and to use or sell the asset. The expenditure capitalised includes the cost of materials, external services, personnel, temporary employees, overhead and borrowing costs, if they are directly attributable to a qualifying assets. Other development expenditure is recognised in profit or loss as incurred.

Software - Expenditure on the implementation of software, including licenses and external consulting fees, is capitalised. Purchased software with finite useful life is measured at cost less accumulated amortisation and accumulated impairment losses. The maximum useful life of software is five years.

Amortisation methods, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

Derecognition

An intangible asset shall be derecognised on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an intangible asset shall be determined as the difference between the net disposal proceeds, if any, and the asset carrying amount. it shall be recognised in the profit or loss when the asset is derecognised.

The Company has no intangible assets at the date of the financial position.

5.7 Investment properties

Investment Properties are properties held for long-term rental yields or for capital appreciation or both that are not significantly occupied by any of the entities within the Company.

Investment property is measured initially at cost, including related transaction costs, except when the asset is transferred from another category in the Statement of Financial Position or acquired in a share-based payment arrangement or acquired in a business combination. After initial recognition, investment property is measured using the fair value model.

Subsequent expenditure is capitalised to the asset’s carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company, and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised.

Gains and losses arising from changes in fair values are included in the profit or loss in the year in which they arise. Investment properties are derecognised either when they have been disposed of or when the investment property is permanently withdrawn from use, and no future economic benefit is expected from its disposal. Gains and losses on the disposal of investment properties are recognised in the profit or loss in the year of disposal.

If an investment property becomes owner-occupied, it is reclassified as property, plant and equipment. Its carrying value at the date of reclassification becomes its cost for subsequent accounting purposes.

If an item owner-occupied property becomes an investment property because its use has changed, any difference resulting between the carrying amount and the fair value of this item at the date of transfer is treated in the same way as a revaluation under IAS 16. Any resulting increase in the carrying amount of the property is recognised in profit or loss to the extent that it reverses a previous impairment loss, with any remaining increase recognised in other comprehensive income and increase the revaluation surplus or reserve within equity directly. Any resulting decrease in the carrying amount of the property is initially charged in other comprehensive income against any previously recognised revaluation surplus, with any remaining decrease charged to profit or loss.

5.8 Inventory

Inventory includes paper, work-in-progress and bound books.

Inventory is initially recognised at cost, and subsequently at the lower of cost and net realizable value. Cost comprises costs incurred in bringing the inventories to their present location and condition and is accounted for as follows:

Raw materials (Paper) - Purchase cost and other attributable costs

Finished goods and work-in-progress - cost of direct materials, and labour together with an appropriate proportion of manufacturing overheads based on normal operating capacity.

These costs are assigned on a weighted average basis.

Goods-in- transit are valued at invoice prices plus other attributable costs.

Net realizable value is the estimated selling price in the ordinary course of business less estimated cost of completion and the estimated costs necessary to make the sale.

Adequate provision is made for slow moving, obsolete defective inventory to ensure that the value at which inventories is held at the reporting date is reflective of anticipated future sales patterns.

5.9 Financial Instruments

Financial instruments carried at state of financial position date include the trade and other receivables, cash and cash equivalents and trade and other payables. Financial instruments are recognised initially at fair value plus, for instruments not at fair value through profit or loss, any directly attributable transaction costs. Subsequent to initial recognition financial instruments are measured as described below:

5.9.1 Financial assets

Financial assets are initially recognised at fair value plus directly attributable transaction costs. Subsequent remeasurement of financial assets is determined by their designation that is revisited at each reporting date.

5.9.1.1 Classification as trade receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. They are generally due for settlement within 30 days and therefore are all classified as current. Trade receivables are stated at fair value and subsequently measured at fair value through profit or loss, less provision for impairment. Impairment thereon are computed using the simplified IFRS 9 Expected Credit Loss (ECL) Model, where the receivables are aged and probability of default applied on each aged bracket. Trade receivables meet the definition of financial assets and the carrying amount of the trade receivables approximates their fair value.

The Company holds the trade receivables with the objective to collect the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method. Details about the Company's impairment policies and the calculation of the loss allowance are provided in note below.

5.9.1.2 Classification of financial assets at amortised cost

The company classified its financial assets at amortised cost only if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cash flows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

5.9.1.3 Other receivables

Other receivables are initially recognized at fair value, and are subsequently measured at amortized cost using the effective interest rate method.

5.9.1.4 Cash and cash equivalents

Cash and cash equivalents consist of cash at bank and in hand and short-term deposits with an original maturity of three months or less.

Bank overdrafts are included as a component of cash and cash equivalents for the purpose of the statement of cash flows.

5.9.1.5 Derecognition of financial assets

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expires, or when it transfers substantially all the risks and rewards of ownership of the asset to another entity. On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the income statement.

5.9.2 Financial liabilities

Financial liabilities are initially recognised at fair value when the Company becomes a party to the contractual provisions of the liability. Subsequent measurement of financial liabilities is based on amortised cost using the effective interest method. The company financial liabilities include trade and other payables.
Financial liabilities are presented as if the liability is due to be settled within 12 months after the reporting date, or if they are held for the purpose of being traded. Other financial liabilities which contractually will be settled more than 12 months after the reporting date are classified as non-current.

5.9.2.1 Trade and other payables

Trade and other payables are stated at their original invoiced value. The Directors consider the carrying amount of other payables to approximate their fair value.

5.9.2.2 Dividends

Dividends on ordinary shares are recognised as a liability and deducted from equity when they are approved by the Company's shareholders. Interim dividends are deducted from equity when they are declared and no longer at the discretion of the Company. Dividends for the year that are approved after the statement of financial position date are disclosed as an event after reporting period.

5.9.2.3 De-recognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in statement of profit or loss and other comprehensive income.

5.9.3 Impairment of financial instruments

The assessment of impairment of trade receivables arising from the sale of inventory is computed by applying the expected credit loss model. Cash and cash equivalents are also subject to the impairment requirements of IFRS 9.

The Company applies the IFRS 9 simplified approach for measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables.

To measure the expected credit losses, trade receivables has been grouped based on shared credit risk characteristics and the days past due. The Company has therefore concluded that the expected loss rates for trade receivable is a reasonable approximation of the loss rates for the contract assets.

The expected loss rates are based on the payment profiles of sales over a period of 36 months before 31 March 2025 and the corresponding historical credit losses experienced within this period. The historical loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the customers to settle the receivables. The Company has identified the GDP growth rate and Consumer Price Index (CPI), including the unemployment rate of the countries in which it sells its goods and services to be the most relevant factors, and accordingly adjusts the historical loss rates based on expected changes in these factors.

5.9.4 Impairment of non-financial assets

Whenever events or new circumstances indicate that the carrying amount of an asset may not be recoverable, an impairment test is performed. The purpose of this test is to compare the carrying value of the asset with its recoverable amount. The amount recoverable is determined by reference to the smallest Cash generating Unit (CGU) to which the asset belongs.

A Cash Generating Unit is the smallest group of assets that generated cash inflows from continuing use that are largely independent of cash inflows of other assets or group thereof.

The Company assesses at each reporting date whether there is any objective evidence that the property, plant and equipment is impaired.

Annual impairment testing is also conducted for goodwill and intangible assets that either are not yet available for use or have an indefinite useful life.

When an impairment loss is recognised for cash-generating unit, the loss is allocated first of reduce the carrying amount of the goodwill allocated to the CGU if any, and to the other assets of the unit pro rata on the basis of the carrying amount of each asset in the unit. After the impairment loss, the new carrying value of the asset is depreciated prospectively over its remaining life.

Assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at each year-end. The carrying value of the assets, revised due to the increase of the recoverable value of the assets cannot exceed the carrying amount (net of depreciation) that would have been determined had no impairment been recognised in prior periods. Such reversal is recognised in the statement of profit or loss.

5.10 Non-current assets held for sale and discontinued operations

Non-current assets and some group of assets and liabilities are classified as held-for -sale when their carrying amount will be recovered principally through a sale transaction rather than through continuing use. For this to be the case, such asset must be available for immediate sale and must be highly probable. Such assets or group of assets are presented separately in the statement of financial position, in the line "Assets held for sale" when they are material.

Assets classified as held-for-sale are not amortised or depreciated.

On initial classification as held-for-sale, these assets or group of assets are measured at the lower of their carrying value or their fair-value less costs to sell. Impairment losses on initial classification of a non-current asset or disposal group as held-for-sale are included in profit or loss even if the asset is, or the disposal group indicates assets that are, measured at a revalued amount. The same applies to gains and losses on subsequent remeasurement.

Subsequent to initial classification as held-for-sale, disposal groups and non-current assets that are measured at their fair value less costs to sell, are subject to a limit on the amount of any gain that can be recognised as a result of an increase in fair value less costs to sell before disposal.

Gains and losses on subsequent remeasurement to fair value less cost to sell are included in profit or loss regardless of whether the asset was, or the disposal group includes assets that were previously measured based on revalued amounts.

On disposal, any gain or loss not recognised before the date of sale is recognised on the derecognition of the non-current asset or disposal group.

The liabilities directly linked to the assets or group of assets held for sale are presented in the line "liabilities directly associated with assets held for sales" in the statement of financial position.

A discontinued operation is a component of the Company that earlier has been disposed of or its classified as held for sale and:
- represents a separate major line of business or geographical area of operation for the Company;
- is part of a single coordinated plan to dispose of a separate major line of business or geographical area of operations for the Company or
- is a significant subsidiary acquired exclusively with a view to resale.

Amounts included in the statement of comprehensive income and the statement of cash flows related to these discontinued operations are presented separately for all prior periods presented in the financial statements. Assets and liabilities related to discontinued operations are shown on separate lines with no restatement for prior years.

5.11 Prepayments
Prepayments are payments made in advance relating to the following year and are recognised and carried at original amount less amounts utilised in the income statement.

5.12 Borrowing costs
Borrowing costs are capitalized as part of the cost of qualifying assets if they are directly attributable to the acquisition, construction or production of that asset. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditure and borrowing costs are incurred. Borrowing costs are capitalized until the assets are substantially completed for their intended use or sale.

All other borrowing costs are recognized in profit or loss in the period they are incurred.

Borrowing costs consist of interest and other costs that the Company incurred in connection with the borrowing of funds.

5.13 Royalty Advances to Authors
Royalty advances to authors are written off to the extent that they are not covered by anticipated future sales from the books of the concerned authors.

5.14 Provisions
Provision are recognized when the Company has a present obligation, (legal or constructive) as a result of past event for which it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation in accordance with International Accounting Standard Number 37.

5.15 Income tax

The tax expense represents the aggregate of the tax currently payable and deferred tax. The tax currently payable is based on taxable profit for the period. The Company's liability for current tax is calculated using tax rates that have been enacted or substantially enacted by the reporting date.

Current income taxes are recognised for the estimated income taxes payable or receivable on taxable income or loss for the current year and any adjustment to income taxes payable in respect of previous years.

5.15.1 Current tax assets and liabilities

Current tax assets and liabilities are measured at the amount expected to be recovered or paid to the Tax Authorities. The Company's liability for current tax is calculated using tax rates that have been enacted or substantially enacted by the reporting date.

5.15.2 Deferred tax

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax is provided using the liability method on temporary difference, at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax assets are generally recognized to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilized. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the assets to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realized, based on tax rates and tax laws that have been enacted or substantially enacted at the reporting date. Deferred tax is charged or credited in the statement of comprehensive income, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

5.16 Employees benefits

The Company operates a pension scheme for the benefit of its employees.

5.16.1 Defined contributory pension scheme

The Company operates a defined contributory pension scheme for its employees. The scheme is funded and managed by the Pension Fund Administrator of the employee's choice.

The scheme is funded by contribution from employees at 8% of their total emoluments while the Company contributes 10% of the total emoluments. This is consistent with the provisions of the applicable law, Pension Reform Act 2014 as amended to date.

Payments to defined contributory retirement benefit schemes are charged as an expense as they fall due to the statement of comprehensive income in the period for which the contributions are payable.

5.17 Share capital and reserves

5.17.1 Share issue costs

Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction.

5.17.2 Dividend on ordinary shares

Dividend on the Company's ordinary shares is recognised in equity in the period in which it is paid or, if earlier, approved by the Company's shareholders.

In the case of interim dividend to equity shareholders, this is when declared by the directors. In the case of final dividend, this is when approved by the shareholders at the Annual General Meeting.

Dividend for the year that is declared after the date of the statement of financial position is dealt with in the subsequent events note.

5.18 Basic earnings per share

The Company presents basic earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

5.19 Revenue reserve

Revenue reserve represents amount set aside out of the profits of the Company which shall at the discretion of the directors be applicable for meeting contingencies, repairs or maintenance of any works connected with the business of the Company, for equalising dividends, for special dividend or bonus, or such other purposes for which the profits of the Company may lawfully be applied.

5.20 Contingencies

Contingent assets are not recognised in the annual financial statements, but are disclosed when, as a result of past events, it is highly likely that economic benefit will flow to the Company, but this will only be confirmed by the occurrence of one or more uncertain future events which are not wholly within the Company's control. Contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of uncertain future events not wholly within the control of the Company. Contingent liabilities are not recognised in the annual financial statements but are disclosed in the notes to the annual financial statements unless they are remote.

5,21 Related party

Related parties include the Company and other related entities. Directors, their close family members, and any employee who can significantly influence the Company's operating policies. Key management personnel have authority and responsibility for planning, directing and controlling the entity's, activities directly or indirectly, including any director (whether executive or otherwise) of the Company.
Related parties transactions' of similar nature are disclosed in aggregate except where separate disclosure is necessary for understanding the effects of the related party transactions on the financial statement of the Company.

6. Financial risk management

6.1 General objectives, policies and processes

The Board has overall responsibility for the determination of the Company's risk management objectives and policies and, whilst retaining ultimate responsibility for them, it has delegated the authority for designing and operating processes that ensure the effective implementation of the objectives and policies to the Company's finance department. The Board receives periodic reports from the Company's Finance Director through which it reviews the effectiveness of the processes put in place and the appropriateness of the objectives and policies it sets. The Company's Finance Director also reviews the risk management policies and processes and report their findings to the Board.

The overall objective of the Board is to set policies that seek to reduce risk as far as possible without unduly affecting the Company's competitiveness and flexibility.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2026

The Company is exposed through its operations to the following financial risks:
i) Credit risk,
ii) Market risk- This includes:
- Fair value or cash flow interest rate risk,
- Foreign exchange risk,

iii) Liquidity risk.

In common with all other businesses, the Company is exposed to risks that arise from its use of financial instruments. This note describes the Company's objectives, policies and processes for managing those risks and the methods used to measure them. Further quantitative information in respect of these risks is presented throughout these financial statements. There have been no substantive changes in the Company's exposure to financial instrument risks, its objectives, policies and processes for managing those risks or the methods used to measure them from previous periods unless otherwise stated in this note.

6.2 Principal financial instruments
The principal financial instruments used by the Company, from which financial instrument risk arises, are as follows:
- Trade and other receivables;
- Cash and cash equivalents;
- Trade and other payables.

	2026	2025
	N'000	N'000
6.3 Financial instruments by category		
Financial assets		
Trade receivables	**25,443**	13,227
Other receivable (excluding prepayments)	**44,856**	25,229
Cash and cash equivalents	**949,439**	1,010,696
Total financial assets	**1,019,738**	1,049,152
Financial liabilities		
Trade payables	**25,346**	13,697
Other payables	**722,838**	787,558
Trade and other payables	**748,184**	801,255

Due to their short-term nature, the carrying value of cash and cash equivalents, trade and other receivables, trade and other payables approximates their fair value.

6.4 Credit risk
Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Company is mainly exposed to credit risk from service rendered or good sold on credit. It is the Company's policy to assess the credit risk of new customers before entering into any relationship.

The Management has established a credit policy under which each new customer is analysed individually for credit worthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's review includes external ratings, when available, and in some cases bank references. Purchase limits are established for each customer, which represents the maximum open amount without requiring approval from the Management.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2026

The Management determines concentrations of credit risk by quarterly monitoring the credit worthiness rating of existing customers and through a monthly review of the trade receivables' ageing analysis. In monitoring the customers' credit risk, customers are grouped according to their credit characteristics. Customers that are graded as "high risk" are placed on a restricted customer list, and future credit services are made only with approval of the Management, otherwise payment in advance is required. Credit risk also arises from cash and cash equivalents and deposits with banks and financial institutions. Banks with good reputation are accepted by the Company for business transactions.

6.5 Market risk
Market risk arises from the Company's use of interest bearing, tradable and foreign currency financial instruments. It is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in interest rates (interest rate risk), foreign exchange rates (Currency risk) or other market factors (other price risk).

6.6 Interest rate risk
The Company is not exposed to interest rate risk because the financial obligation were fulfilled without resorting to borrowings

6.7 Foreign currency risk
A percentage of the Company's service rendered in the ordinary course of business transactions are carried out in USD. To mitigate the Company's exposure to foreign currency risks, foreign currency cashflows are monitored regularly.

The table below summarizes the Company's exposure to foreign currency exchange rate risk at 31 March 2026 and 31 March 2025. Included in the table are the Company's financial instruments at carrying amounts categorized by currency.

	Naira N'000	GBP N'000	USD N'000	Leo N'000	Total N'000
At 31 March 2026

	791,012	-	10,243	-	801,255
Net exposure	256,552	185	(8,848)	8	247,897

6.8 Liquidity risk

Liquidity risk arises from the Company's management of working capital and the finance charges and principal repayment on its debt instruments. It is the risk that the Company will encounter difficulty in meeting its financial obligations as they fall due.

The Company's policy is to ensure that it will always have sufficient cash to allow it to meet its liabilities when they become due. To achieve this aim, it seeks to maintain cash balances to meet expected requirements for a period of at least 60 days.

The following table sets out the contractual maturities (representing undiscounted contractual cash-flows) of financial liabilities:

	Book Value N'000	Contractual cashflow N'000	One year or less N'000	1-5 years N'000	More than 5 years N'000
At 31 March 2026					
Trade and other payables	**748,184**	**748,184**	**748,184**	-	-
At 31 March 2025					
Trade and other payables	**801,255**	801,255	801,255	-	-

Capital Disclosures

The Company monitors "adjusted capital" which comprises all components of equity (i.e. share capital, and retained earnings).

The Company's objectives when maintaining capital are:
- to safeguard the entity's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders, and
- to provide an adequate return to shareholders by pricing products and services that are commensurate with the level of risk.

The Company sets the amount of capital it requires in proportion to risk. The Company manages its capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt. Consistent with others in the industry, the Company monitors capital on the basis of the debt to adjusted capital ratio. This ratio is calculated as net debt adjusted capital as defined above. Net debt is calculated as total debt (as shown in the statement of financial position) less cash and cash equivalents.

UNIVERSITY PRESS PLC

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2026

	2026	2025
	N'000	N'000
The debt-to-adjusted-capital ratios at 31 March 2026 and at 31 March 2025 are as follows:		
Trade and other payables	**748,184**	801,255
Less: Cash and cash equivalents	**(949,439)**	(1,010,696)
Net cash	**(201,255)**	(209,441)
Total equity	**3,557,416**	3,408,454
Debt to adjusted capital ratio(%)	**-5.66%**	-6.14%

7. Revenue

Revenue is derived from sales of printed books in and outside Nigeria.

At 31 March	**146,981**	49,571

Income tax expense is the aggregate of the charge to the statement of comprehensive income in respect of current income tax, development levy and deferred tax.

The charge for taxation has been computed in accordance with the provisions of Section 56 of the Nigeria Tax Act, 2025, relating to Companies Income Tax, and Section 59 of the Nigeria Tax Act, 2025, relating to the Development Levy. The Company has adopted the International Accounting Standard 12 on Income Taxes

	2026 N'000	2025 N'000
16.3 Reconciliation of tax charge		
The reasons for the difference between the actual tax charge for the year and the standard rate of corporate tax in Nigeria applied to profits for the year are as follows:		
Profit before tax	**389,520**	619,737
Expected tax charge based on the standard rate on Nigeria corporate tax at the domestic rate of 30%	**116,856**	185,921
Effect of income that is exempted from taxation	**(29,072)**	(219,701)
Effect of expenses that are not deductible in determining taxable profit	**42,066**	55,230
Balancing charge	**11,349**	10,414
Total profit		(17,563)
Prior year under provision	**6,423**	-
Capital allowances absorbed	**(13,703)**	(14,301)
Minimume tax	**-**	20,889
Capital gain tax		27,660
Police trust fund	**-**	31
Development Levy/ Education tax	**17,313**	2,145
Deferred tax charged in the year	**24,616**	118,387
Tax expense recognised in profit or loss	**175,847**	169,112
Effective rate	**0.45**	0.27

The tax rate used for 2026 and 2025 reconciliation above is the corporate tax rate of 30% and development levy at 4% (2025: 3% education tax) payable by corporate entities in Nigeria on taxable profits under tax laws in the country, for the year ended 31 March 2026.

	107,079	**131,887**

Land and building were professionally valued by Messrs. Jide Taiwo & Co (Estate Surveyors and Valuers) as at 31 March 2022 on the basis of their open market value. The total revised value of the properties was N1,172,128,912 resulting in the revaluation surplus of N255,787,336 and this has been credited to the property, plant and equipment revaluation account as at 31 March 2022, which increased the balance on property, plant and equipment revaluation surplus to N1,094,895,506 before deferred capital gain tax of N35,827,594.

Included as part of land is a landed property amounting to N6,367,532 that was purchased by the Company but which the title documents are yet to be perfected.

There were no restrictions on title and no item of property, plant and equipment was pledged as securities for any payable.

No impairment was recognised in the year.

There is no contractual commitments for acquisition of property, plant and equipment.

NOTES TO THE FINANCIAL STATEMENTS
