ACADEMY PRESS PLC
REPORT OF THE DIRECTORS
FOR THE YEAR ENDED 31 MARCH 2026

The Directors have the pleasure in presenting their report on the affairs of Academy Press Plc ("the Company") together with its subsidiaries ("the Group"), the consolidated and separate audited financial statements of the Group and the Company and other national disclosures for the year ended 31 March 2026.

Legal form

Academy Press Plc was incorporated in Nigeria as a private limited liability Company on the 28th of July 1964 and by a special resolution became a public limited liability Company on the 22nd of October 1991. The certificate of incorporation number for the Company is RC 3915. The Company offered its shares to the public in November 1994 and these shares were listed on the Nigerian Stock Exchange on the 15th of June 1995.

Principal activities

The Company carries on its business as printers of educational and general books, commercial printing of diaries, labels, calendars, periodicals, annual reports, confidential and other printing. The subsidiaries are involved in security printing, flexibility printing and light packaging.

Statement of affairs

In the opinion of the Directors, the state of the Group's and the Company's affairs is satisfactory and there has been no material change since the reporting date which would affect the financial statements as presented.

Results for the year

	The Group		The Company	
	2026	2025	2026	2025
	₦'000	₦'000	₦'000	₦'000
Revenue from contract with customers	4,414,037	4,586,083	3,700,629	3,936,464
	=====	=====	=====	=====
Profit before taxation	253,446	1,172,472	142,811	1,208,643
Income tax expense	(136)	(455,986)	12,324	(475,942)
	-----	-----	-----	-----
Profit after taxation	253,310	716,486	155,135	732,701
	=====	=====	=====	=====
Total equity	920,764	782,171	1,205,804	1,165,386
	=====	=====	=====	=====

Dividend

The directors have recommended a dividend payment of 10k per share for the year ended 31 March 2026 which is subject to approval by the shareholders at the forthcoming Annual General Meeting (2025:15k).

Property, plant and equipment

Information relating to movement in property, plant and equipment is shown in Note 17 to the financial statements. In the opinion of the Directors, the market values of the Group's and the Company's properties are not less than the value shown in consolidated and separate financial statements.

Directors' interest in contracts

Employment and employees

Employment of Physically Challenged Persons

It is the Group and the Company's policy that there is no discrimination in considering applications for employment including those from physically challenged persons. All employees whether or not physically challenged are given equal opportunities to develop their expertise and knowledge and to qualify for promotion in furtherance of their careers. The Company has two (2) physically challenged person in her employment as at 31 March 2026 and in its comparative year 2025.

Welfare

The Group and the Company is registered with a Health Management Organisation (HMO) - (Clearline International Limited). Staff, spouse and 4 children choose a primary health care provider, where cases of illness are referred for treatment. The Company also provides healthcare facilities for its staff whilst all essential safety regulations are observed in the factories and offices to guarantee maximum protection of employees at work.

Training

Staff are kept up-to-date about techniques in the industry through various in-house and outside training courses. The Company attaches great importance to training and all categories of staff attend courses or seminars as considered necessary by the Company's management.

Financial commitments

The directors are of the opinion that all known liabilities and commitments have been taken into account. These liabilities are relevant in assessing the Group and the Company's state of affairs.

Events after the reporting period

As stated in Note 33, the Directors are of the opinion that there are no events after the reporting period that could have material effect on the Group's and Company's financial statements that had not been adequately provided or disclosed in these consolidated and separate financial statements.

Format of financial statements

The consolidated and separate financial statements of Academy Press Plc have been prepared in accordance with the reporting and presentation requirement of IFRS Accounting Standards issued by the International Accounting Standards Board (IASB), the provisions of the Companies and Allied Matters Act, 2020 and the requirements of the Financial Reporting Council of Nigeria (Amendment) Act, 2023.

**ACADEMY PRESS PLC
CORPORATE GOVERNANCE REPORT
FOR THE YEAR ENDED 31 MARCH 2026**

Corporate governance principles, rules and regulatory requirements of the Nigerian Stock Exchange and Securities and Exchange Commission have indeed been an integral part of the way Academy Press Plc. conducts its business.

Good corporate governance is an essential part of the Board of Academy Press Plc. Our Company's governance structure and practices of the board is in line with applicable local legislation and international best practices including compliance with the Code of Corporate Governance for Public Companies issued by Security and Exchange Commission. Academy Press has always been guided by a strong conviction of adhering to transparency, accountability, good management practices and integrity through the adoption and monitoring of corporate strategies, goals and procedures to comply with its legal and ethical responsibilities.

The Group and the Company believe that the implementation of global best practices and corporate governance principles would help to achieve commitment and goals to enhance stakeholders' value. We present in detail, a statement of how the Board conducted its activities during the financial year ended 31 March 2026.

THE BOARD

The governance of the Group resides with the Board of Directors who are accountable to shareholders for creating and delivering sustainable value through the management of the Group's business. The Board is responsible for oversight function of long-term strategic planning, policy formulation and assessment of risk that the Group may be exposed to in the ordinary course of business. The Board is also responsible for evaluating and directing the implementation of the Group and the Company's internal control procedures including maintaining a sound system of internal control to safeguard shareholders' investments the Group's and the Company's assets. These functions of the Board are guided by the provision of Securities and Exchange Commission (SEC) code, the Companies and Allied Matters Act, 2020 and the requirements of the Financial Reporting Council of Nigeria Act No.6. 2011, the Company's Articles of Association and other relevant laws and regulations. These oversight functions of the Board of Directors are exercised through its various Committees.

COMPOSITION OF THE BOARD

The Board of Directors of Academy Press Plc is comprised of experienced people with significant achievements in their respective profession. The Board has overall responsibility for ensuring that the Company is appropriately managed and achieves its strategic objectives. The Company's Articles of Association provide that the Company's Board shall consist of not more than 8 Directors.

During the year, the Board comprised of eight (8) Directors; six (5) non-executives and three (3) executives. The Board Chairman is non - executive, with a mix of executive and non-executive Directors, all bringing high level of competencies and experience, with enviable records of achievement in their respective fields.

The Board meets regularly to set broad policies for the Company's business and operations, and ensures that a professional relationship is maintained with the Company's auditors in order to promote transparency in financial and non- financial reporting.

ACADEMY PRESS PLC
CORPORATE GOVERNANCE REPORT - CONTINUED
FOR THE YEAR ENDED 31 MARCH 2026

RESPONSIBILITIES OF THE BOARD AND CORPORATE GOVERNANCE:

The Board is responsible for the review of goals, major plans of action, annual budget and business plans with overall strategies setting performance objectives, monitoring implementation and corporate performance and overseeing major capital expenditure in the approved budget. In compliance with International Best Practices, there is separation of powers between the Chairman and the Managing Director, as they play distinct roles, with responsibilities which should not be domiciled with one individual. The Chairman's main responsibility is to lead and manage the Board to ensure that it operates effectively and fully discharges its legal and regulatory responsibilities. He is also responsible for ensuring that Directors receive accurate, timely and clear information to enable the Board take informed decisions and provide advice to promote the success of the Group and the Company. The Chairman facilitates the contribution of Directors and promotes effective relationships and open communications between Executive and Non-Executive Directors, both inside and outside the Boardroom.

The Board ensures that proper accounting records are disclosed with reasonable accuracy at any time and that the financial status of the Group and the Company are maintained and also that the financial reporting systems comply with the Companies and Allied Matters Act, 2020 through the establishment of the Board Committees that make recommendations and taking decisions on issues of expenditure that may arise outside the normal meeting schedule of the full Board. The board ratifies duly approved recommendations and decisions of the Board Committees and also make periodic and regular review of actual business performance relative to established objectives.

The Board meet at least once in a quarter in each financial year and the Board Committee meet at least twice in each financial year. Decisions are taken at the Board meetings by way of resolutions as provided for in the Companies and Allied Matter Act, 2020. Detail of attendance by each of the Directors at Board meetings are shown in the table below;

MANAGEMENT TEAM

The day to day management of the business is the responsibility of the Managing Director who is assisted by the Management Team made up of two executive directors, three senior managers and heads of all the departments in the company. The management team holds scheduled meetings at least once a month to deliberate on critical issues affecting the day to day running of the Company

SECURITY TRADING POLICY

Insider trading and dealing in Company's shares

The board has approved a Security Trading Policy which sets out the guidelines on the purchase and sale of security by Directors, employees and associates. The policy is to assist all Directors and employees to understand the restrictions placed on them as insiders of the Company with respect to their securities transactions and to avoid the conduct referred to as 'insider trading' during any period as may be specified by the Company or the Exchange from time to time.

Also, Directors, employees and other insiders wishing to buy, sell or deal in the Company's securities must obtain approval of the Chairman through the Company Secretary prior to any dealing in the Company's securities. Request for approval must state the volume of securities to be purchased and sold.

COMPLAINT MANAGEMENT POLICY

In compliance with the Security and Exchange Commission's Rules relating to the Complaints Management Framework (the 'Framework') which requires every listed Company to establish a clearly defined complaint management policy to resolve complaints arising from issues covered under the Investment and Securities Act 2007. The Company has developed a Complaint Management Policy endorsed by the Board of Directors.

ACADEMY PRESS PLC
STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RELATION TO THE PREPARATION OF THE FINANCIAL
STATEMENTS FOR THE YEAR ENDED 31 MARCH 2026

The Companies and Allied Matters Act, 2020, requires the Directors of Academy Press Plc to prepare consolidated and separate financial statements for each financial year that give a true and fair view of the state of financial affairs of the Group at the end of the year and of its profit or loss. The responsibilities include ensuring that the Group:

- a) keeps proper accounting records that disclose, with reasonable accuracy, the financial position of the Group and comply with the requirements of the Companies and Allied Matters Act, 2020;
- b) establishes adequate internal controls to safeguard its assets and to prevent and detect fraud and other irregularities; and
- c) prepare its financial statements using suitable accounting policies supported by reasonable and prudent judgments and estimates, and are consistently applied.

The Directors accept responsibility for the annual consolidated and separate financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgments and estimates, in conformity with IFRS Accounting Standards issued by the International Accounting Standards Board, Financial Reporting Council of Nigeria (Amendment) Act, 2023 and the requirements of the Companies and Allied Matters Act, 2020.

The Directors are of the opinion that the consolidated and separate financial statements give a true and fair view of the state of the financial affairs of the Group and the Company and of its profit for the year ended 31 March 2026. The Directors further accept responsibility for the maintenance of accounting records that may be relied upon in the preparation of the consolidated and separate financial statements, as well as adequate systems of internal financial control.

Nothing has come to the attention of the Directors to indicate that the Group and the Company will not remain a going concern for at least twelve months from the date of this statement.

ACADEMY PRESS PLC
STATEMENT FOR CORPORATE RESPONSIBILITY FOR THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2026

Certification Pursuant to Section 405(1) of Companies and Allied Matter Act, 2020

We the undersigned hereby certify the following with regards to our audited consolidated and separate financial statements for the year ended 31 March 2026 that:

- a) We have reviewed the report;
 - To the best of our knowledge, the report does not contain any untrue statement of a material fact, or omit to state a material fact, which would make the statements misleading in the light of circumstances under which such statements were made or omit to state a material fact, which would make the statements misleading in the light of circumstances under which such statements were made;
 - To the best of our knowledge, the consolidated and separate financial statement and other financial information included in this report fairly present in all material respects the financial condition and results of operation of the Group as of, and for the periods presented in this report.
- b) We:
 - Are responsible for establishing and maintaining internal controls.
 - Have designed such internal controls to ensure that material information relating to the Group is made known to such officers by others within the entity particularly during the period in which the audited consolidated and separate financial statements report is being prepared;
 - Have evaluated the effectiveness of the Group's internal controls as of date within 90 days prior to the date of the audited consolidated and separate financial statements;
 - Have presented in the report our conclusions about the effectiveness of our internal controls based on our evaluation as of that date;
- c) We have disclosed to the auditor of the Group and Audit Committee:
 - All significant deficiencies in the design or operation of internal controls which would adversely affect the Group's ability to record, process, summarize and report financial data and have identified for the Group's auditor any material weakness in internal controls, and
 - Any fraud, whether or not material, that involves management or other employees who have significant role in the Group's internal controls;
- d) We have identified in the report whether or not there were significant changes in internal controls or other factors that could significantly affect internal controls subsequent to the date of our evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.

**ACADEMY PRESS PLC
REPORT OF THE AUDIT COMMITTEE
FOR THE YEAR ENDED 31 MARCH 2026**

Report of the Audit Committee to the Shareholders of Academy Press Plc

In accordance with the provisions of Section 404 (1) of the Companies and Allied Matters Act, 2020 the members of the Audit Committee of Academy Press Plc. ("the Company") hereby report as follows:

- i. We have exercised our statutory functions under Section 404 (7) of the Companies and Allied Matters Act, 2020 and acknowledge the cooperation of management and staff in the conduct of these responsibilities.
- ii. We are of the opinion that the accounting and reporting policies of the Group are in accordance with legal requirements and agreed ethical practices and that the scope and planning of both the external and internal audits for the year ended 31 March 2026 were satisfactory and reinforce the Group's internal control systems.
- iii. We have deliberated with the External Auditor, who have confirmed that necessary cooperation was received from management in the course of their statutory audit and we are satisfied with management's responses to the External Auditor's recommendations on accounting and internal control matters and with the effectiveness of the Group's system of the Group's system of accounting and internal control.

ACADEMY PRESS PLC
MANAGEMENT ASSESSMENT OF INTERNAL CONTROL OVER FINANCIAL REPORTING
FOR THE YEAR ENDED 31 MARCH 2026

We the undersigned hereby certify the following with regards to our audited consolidated and separate financial statements for the year ended 31 March 2026 that:

- a) We have reviewed this audited consolidated and separate financial statements of Academy Press Plc for the year ended 31 March 2026;
- b) Based on our knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
- c) Based on our knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the company as of, and for, the periods presented in this report;

- d) We also certify that we:

- * are responsible for establishing and maintaining internal controls;
- * have designed such internal controls and procedures, or caused such internal controls and procedures to be designed under our supervision, to ensure that material information relating to the company, and its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
- * have designed such internal control system, or caused such internal control system to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
- * have evaluated the effectiveness of the company's internal controls and procedures as of a date within 90 days prior to the report and presented in this report our conclusions about the effectiveness of the internal controls and procedures, as of the end of the period covered by this report based on such evaluation.

- e) We have disclosed, based on our most recent evaluation of internal control system, to the company's auditors and the audit committee of the company's board of directors (or persons performing the equivalent functions):

* All significant deficiencies and material weaknesses in the design or operation of the internal control system which are reasonably likely to adversely affect the company's ability to record, process, summarize and report financial information; and

* Any fraud, whether or not material, that involves management or other employees who have a significant role in the company's internal control system.

- f) We identified, in the report whether or not there were significant changes in internal controls or other facts that could significantly affect internal controls subsequent to the date of their evaluation including any corrective actions with regard to significant deficiencies and material weaknesses.

MANAGEMENT'S ANNUAL ASSESSMENT OF, AND REPORT ON THE ENTITY'S INTERNAL CONTROL OVER FINANCIAL REPORTING

FOR THE YEAR ENDED 31 MARCH 2026

Management's annual assessment of, and report on the entity's internal control over financial reporting

To comply with the provisions of Section 1.3 of SEC Guidance on Implementation of Sections 60-63 of Investments and Securities Act 2007, we hereby make the following statements regarding the Internal Controls of Academy Press Plc Communications Plc for the year ended 31 March 2026.

- i. Academy Press Plc's management is responsible for establishing and maintaining a system of internal control over financial reporting and the preparation of financial statements for external purposes in accordance with IFRS Accounting Standards.
- ii. Academy Press Plc's management used the Committee of Sponsoring Organisation of the Treadway Commission (COSO) Internal Control-Integrated Framework to conduct the required evaluation of the effectiveness of the entity's ICFR.
- iii. Academy Press Plc management has assessed that the entity's ICFR as of the end of 31 March 2026 is effective.
- iv. Academy Press Plc external auditor Messrs Ernst & Young (EY) that audited the financial statements, has issued an attestation report on management's assessment of the entity's internal control over financial reporting.

The attestation report of Messrs Ernst & Young (EY) that audited its financial statements will be filed as part of its annual report.

Independent Auditor's Attestation Report on Management's Assessment of Internal Control over Financial Reporting
To the members of Academy Press Plc

Scope

We have been engaged by Academy Press Plc to perform a 'limited assurance engagement', based on International Standards on Assurance Engagements Other Than Audits or Reviews of Historical Financial Information ('ISAE 3000 (Revised)') and FRC Guidance on Assurance Engagement Report on Internal Control over Financial Reporting, herein referred to as the engagement, to report on Academy Press Plc Internal Control over Financial Reporting (ICFR) (the "Subject Matter") contained in Academy Press Plc (the "Company's") Management's Assessment on Internal Control over Financial Reporting as of 31 March 2026 (the "Report").

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company.
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect all misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Criteria applied by Academy Press Plc

In designing, establishing, and operating the Internal Control over Financial Reporting (ICFR) and preparing the Management's assessment of the Internal Control over Financial Reporting (ICFR), Academy Press Plc applied the requirements of Internal Control-Integrated Framework (2013) of the Committee of Sponsoring Organizations of the Treadway Commission (COSO) Framework and SEC Guidance on Management Report on Internal Control Over Financial Reporting (Criteria). Such Criteria were specifically designed to enable organizations effectively and efficiently develop systems of internal control that adapt to changing business and operating environments, mitigate risks to acceptable levels, and support sound decision making and governance of the organization; As a result, the subject matter information may not be suitable for another purpose.

Academy Press Plc responsibilities

Academy Press Plc's management is responsible for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Academy Press Plc *management's assessment of the Internal Control over Financial reporting as of 31 March 2026* in accordance with the criteria.

Our responsibilities

Our responsibility is to express a conclusion on the design and operating effectiveness of the Internal Control over Financial Reporting based on our Assurance engagement.

Independent Auditor's Attestation Report on Management's Assessment of Internal Control over Financial Reporting
To the members of Academy Press Plc - *Continued*

Our responsibilities - Continued

We conducted our engagement in accordance with the *International Standard for Assurance Engagements Other Than Audits or Reviews of Historical Financial Information* ('ISAE 3000 (Revised)') and FRC Guidance on Assurance Engagement Report on Internal Control over Financial Reporting, those standards require that we plan and perform our engagement to obtain limited assurance on the entity's internal control over financial reporting based on our assurance engagement.

Our independence and quality management

We have maintained our independence and confirm that we have met the requirements of the Code of Ethics for Professional Accountants issued by the International Ethics Standards Board for Accountants (IESBA code) and have the required competencies and experience to conduct this assurance engagement. We also apply International Standard on Quality Management 1, *Quality Management for Firms that Perform Audits or Reviews of Financial Statements, or Other Assurance or Related Services engagements*, which requires that we design, implement, and operate a system of quality management including policies or procedures regarding compliance with ethical requirements, professional standards, and applicable legal and regulatory requirements.

Description of procedures performed.

The procedures we performed included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our engagement also included performing such other procedures as we considered necessary in the circumstances. We believe the procedures performed provides a basis for our report on the internal control put in place by management over financial reporting.

Conclusion

In conclusion, nothing has come to our attention to indicate that the internal control over financial reporting put in place by management is not adequate as of 31 March 2026, based on the requirements of Committee of Sponsoring Organizations of the Treadway Commission (COSO) Framework and SEC Guidance on Management Report on Internal Control Over Financial Reporting.

Other Matter

We also have audited, in accordance with the International Standards on Auditing, the annual report for the year ended 31 March 2026 of Academy Press Plc and our report dated 30 June 2026, and we expressed an unmodified opinion. Our conclusion is not modified in respect of this matter.

Independent Auditor's Report

To the Members of Academy Press Plc

Report on the Audit of the Consolidated and Separate Financial Statements

Opinion

We have audited the consolidated and separate financial statements of Academy Press Plc ("the Company") and its subsidiaries (together "the Group"), which comprise the consolidated and separate statements of financial position as at 31 March 2026, and the consolidated and separate statements of profit or loss and other comprehensive income, the consolidated and separate statements of changes in equity and the consolidated and separate statements of cash flows for the year then ended, and notes to the consolidated and separate financial statements, including material accounting policy information.

In our opinion, the accompanying consolidated and separate financial statements give a true and fair view of the consolidated and separate financial position of the Group and the Company as at 31 March 2026, and its consolidated and separate financial performance and consolidated and separate cash flows for the year then ended in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board, the provisions of the Companies and Allied Matters Act, 2020 and in compliance with the Financial Reporting Council of Nigeria (Amendment) Act, 2023.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the consolidated and separate financial statements* section of our report. We are independent of the Group and the Company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code) *as applicable to audits of financial statements of public interest entities*, together with the ethical requirements that are relevant to our audit of the consolidated and separate financial statements in Nigeria, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated and separate financial statements of the current period. These matters were addressed in the context of our audit of the consolidated and separate financial statements as a whole, and in forming our opinion thereon, we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the Auditor's Responsibilities for the Audit of the consolidated and separate financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated and separate financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated and separate financial statements

Independent Auditor's Report

To the Members of Academy Press Plc

Report on the Audit of the Consolidated and Separate Financial Statements - (Continued)

Key Audit Matters-Continued

Impairment of Trade Receivables	Our Responses
The Group and company have trade receivables of N'461.7million and N'357.5million respectively before expected credit loss of N'273.8million and N'200.5million respectively. These have been fully provided for in the consolidated and separate financial statements. The company impairment continues to be impacted by certain macroeconomic challenges that resulted in the Company experiencing uncertainty over the collectability of some of its receivables from specific customers. The determination as to whether the receivables is collectable involves management judgement. Specific factors management considers include the age of the balance, the present condition of customers, the liquidity position and ability of some customers to pay, recent historical payment patterns and other available information concerning the creditworthiness of counterparties. Management uses this information to determine whether an impairment is required either for a specific transaction or for a customer's balance overall. We focused on this area because it requires a high level of management judgement and materiality of the amounts involved. See note 22.1 to the consolidated and separate financial statements for the accounting policies and balances of allowances for expected credit losses.	In Assessing the impairment of trade receivables, We; - reviewed the assumptions used to calculate the impairment amount in accordance with the entity's accounting policies and IFRS 9, through detailed analyses of ageing of receivables, credit limits of customers, assessment of significant overdue individual trade receivables and assessing specific local risks, combined with legal documentation and forward-looking information. - reviewed the various assumptions made by the management in determining the expected credit losses and ensured that the assumptions are in line with current conditions, and that the historical assumptions were duly obtained from relevant and reliable sources. - reviewed the macro-economic adjustments for probability of default (PD); and the basis for determining PD and loss given default (LGD). - reviewed the basis of management's judgements for each trade receivable as well as periodic reports prepared to validate management's position. - performed the reasonableness test on trade receivables impairment and compared with the Management estimates. - performed review of the subsequent collections to validate the accuracy, completeness and recoverability of the amount recorded as receivables at the reporting date.

Other Information

The Directors are responsible for the other information. The other information comprises the information included in the document titled "Academy Press Plc Annual Report for the year ended 31 March 2026", which includes the Report of the Directors, Corporate governance report, Statement of Directors' Responsibilities in Relation to the preparation of Financial Statements, Statement of Corporate Responsibilities for the Financial Statements, Report of Audit Committee, Certificate of Management Assessment of Internal Control over Financial Reporting, Management's annual assessment of, and report on the entity's Internal Control over Financial Reporting, and Other National Disclosures. The

Independent Auditor's Report

To the Members of Academy Press Plc

Report on the Audit of the Consolidated and Separate Financial Statements - (Continued)

Other Information – (Continued)

other information does not include the consolidated and separate financial statements and our auditor's report thereon.

Our opinion on the consolidated and separate financial statements does not cover the other information and we do not express an audit opinion or any form of assurance conclusion thereon as part of this opinion.

In connection with our audit of the consolidated and separate financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the consolidated and separate financial statements, or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Consolidated and Separate Financial Statements

The Directors are responsible for the preparation and fair presentation of the consolidated and separate financial statements in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board, the provisions of the Companies and Allied Matters Act, 2020 and in compliance with the Financial Reporting Council of Nigeria (Amendment) Act, 2023, and for such internal control as the Directors determine is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated and separate financial statements, the Directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group and/or the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

Independent Auditor's Report

To the Members of Academy Press Plc

Report on the Audit of the Consolidated and Separate Financial Statements - (Continued)

Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements – (Continued)

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated and separate financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and/or the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence, regarding the financial information of the entities or business units within the group, as a basis for forming an opinion on the consolidated financial statements. We are responsible for the direction, supervision and review of the audit work performed for the purposes of the group audit. We remain solely responsible for our audit opinion.

Independent Auditor's Report

To the Members of Academy Press Plc

Report on the Audit of the Consolidated and Separate Financial Statements - (Continued)

Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements – (Continued)

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the consolidated and separate financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In accordance with the requirement of the Fifth Schedule of the Companies and Allied Matters Act, 2020, we confirm that:

- We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit;
- In our opinion, proper books of account have been kept by the Group and Company, in so far as it appears from our examination of those books;
- The consolidated and separate statements of financial position, the consolidated and separate statements of profit or loss and other comprehensive income are in agreement with the books of account; and
- In our opinion, the consolidated and separate financial statements have been prepared in accordance with the provisions of the Companies and Allied Matters Act, 2020 so as to give a true and fair view of the state of affairs and financial performance of the Company and its subsidiaries.

In accordance with the requirements of the Financial Reporting Council of Nigeria (FRC) Guidance on Assurance Engagement Report on Internal Control over Financial Reporting:

Independent Auditor's Report

To the Members of Academy Press Plc

Report on the Audit of the Consolidated and Separate Financial Statements - (Continued)

Report on Other Legal and Regulatory Requirements - (Continued)

We performed a limited assurance engagement and reported on management's assessment of the Company's internal control over financial reporting as of 31 March 2026. The work performed was done in accordance with the International Standard for Assurance Engagements Other Than Audits or Reviews of Historical Financial Information (ISAE 3000 (Revised)) and FRC Guidance on Assurance Engagement Report on Internal Control over Financial Reporting, and we have issued an unmodified conclusion in our report dated 30 June 2026.

The accompanying note to the financial statement on Page 31 to 92 forms an integral part of the financial statements

ACADEMY PRESS PLC
NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS

1. Corporate information

The consolidated and separate financial statements of Academy Press Plc and its subsidiaries (collectively, the Group) for the year ended 31 March 2026 were authorised for issue in accordance with the approval of the Board of Directors. Academy Press Plc (the Company) is a limited liability company incorporated and domiciled in Nigeria and became public by listing on 22 October 1991. The registered office is located at 28-32, Industrial Avenue, Ilupeju Industrial Estate, Ilupeju, Lagos State in Nigeria.

The Group is principally engaged in the printing of educational and general books, commercial printing of diaries, labels, calendars, periodicals, annual reports, confidential and other printing works.

2. Material accounting policies

2.1 Basis of preparation

The consolidated financial statements of the Group have been prepared in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board (IASB), Financial Reporting Council of Nigeria (Amendment) Act, 2023 and the provisions of Companies and Allied Matters Act, 2020.

Functional and presentation currency

The consolidated and separate financial statements have been prepared on a historical cost basis. The consolidated and separate financial statements are presented in Naira, which is the Group's functional currency and all values are rounded to the nearest thousand (₦'000), except when otherwise indicated.

Composition of financial statements

The financial statements comprise:

- ▶ Consolidated and separate statements of profit or loss and other comprehensive income
- ▶ Consolidated and separate statements of financial position
- ▶ Consolidated and separate statements of changes in equity
- ▶ Consolidated and separate statements of cash flows
- ▶ Notes to the consolidated and separate financial statements

2.2 Basis of consolidation

The consolidated financial statements comprise the financial statements of the Group and its subsidiaries as at 31 March 2026. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if, and only if, the Group has:

- ▶ Power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee)
- ▶ Exposure, or rights, to variable returns from its involvement with the investee
- ▶ The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights results in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- ▶ The contractual arrangement(s) with the other vote holders of the investee
- ▶ Rights arising from other contractual arrangements
- ▶ The Group's voting rights and potential voting rights

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

ACADEMY PRESS PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS - CONTINUED

2. Material accounting policies - Continued

2.2 Basis of consolidation - Continued

Profit or loss and each component of OCI are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it derecognises the related assets (including goodwill), liabilities, non-controlling interest and other components of equity, while any resultant gain or loss is recognised in profit or loss. Any investment retained is recognised at fair value.

In the Group the investment in its subsidiaries are accounted for using the cost method.

2.3 Summary of material accounting policies

a) Business combinations and goodwill

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred, which is measured at acquisition date fair value, and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred and included in administrative expenses.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in

accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date.

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Contingent consideration classified as equity is not remeasured and its subsequent settlement is accounted for within equity. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of IFRS 9 Financial Instruments, is measured at fair value with the changes in fair value recognised in the statement of profit or loss in accordance with IFRS 9. Other contingent consideration that is not within the scope of IFRS 9 is measured at fair value at each reporting date with changes in fair value recognised in profit or loss.

Goodwill is initially measured at cost (being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests and any previous interest held over the net identifiable assets acquired and liabilities assumed). If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in profit or loss.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

Where goodwill has been allocated to a cash-generating unit (CGU) and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

b) Current versus non-current classification

The Group presents assets and liabilities in the statement of financial position based on current/non-current classification. An asset is current when it is:

- ▶ Expected to be realised or intended to be sold or consumed in the normal operating cycle
- ▶ Held primarily for the purpose of trading
- ▶ Expected to be realised within twelve months after the reporting period
- Or
- ▶ Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

ACADEMY PRESS PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS - CONTINUED

2. Material accounting policies - Continued

2.3 Summary of material accounting policies - Continued

b) Current versus non-current classification- Continued

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period Or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

c) Fair value measurement

The Group measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability
Or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements at fair value on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy, as explained above.

ACADEMY PRESS PLC
NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS - CONTINUED

2.3 Summary of material accounting policies - Continued

d) Revenue from contracts with customers

The group is principally engaged in the printing of educational and general books, commercial printing of diaries, labels, calendars, periodicals, annual reports, confidential and other printing works.

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the group expects to be entitled in exchange for those goods or services. The group has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods before transferring them to the customer.

The disclosures of significant accounting judgements, estimates and assumptions relating to revenue from contracts with customers are provided in Note 3

Sale of goods

Revenue from the sale of good is recognised over time, using a measure of progress when control is transferred to the customer, generally as goods are produced and delivered to customers. The normal credit term is 30 days upon delivery.

The Group has assessed that the Group's performance does not create an asset with alternative use to the Group and the Group has an enforceable right to payment for performance completed to date. Revenue from sales of goods is recognised over time by measuring progress towards completion using the output method. This measure which is based on production best depicts the Group's transfer of progress as it recognises revenue on the basis of direct measurements of the value to the customer of the service transferred to date relative to the remaining services under the contract. The Group demonstrates that the invoiced amount corresponds directly with the value transferred to the customer in line with the performance completed to date.

The Group recognises revenue from goods sold over time, using an output method to measure progress towards completion using the output method, because the Group's performance does not create an asset with alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

The Group considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated (e.g., warranties, customer loyalty points). In determining the transaction price for the sale of goods, the Group considers the effects of variable consideration, the existence of significant financing components, and consideration payable to the customer.

Variable consideration

If the consideration in a contract includes a variable amount, the Group estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved. Some contracts for the sale of goods provide customers with a right of return and penalties. The rights of return and penalties give rise to variable consideration.

► Right of return

Certain contracts provide a customer with a right to return the goods within a specified period. When customers return defective goods, the group sometimes share the cost of replacement with customers as agreed or negotiated upon return. Such partial refund creates an obligation for reprinting the materials for the customers without collecting the defective books/reports/materials. This includes a right of return that give rise to variable consideration. The Group uses the expected value method to estimate the goods that will not be returned because this method best predicts the amount of variable consideration to which the Group will be entitled. The requirements in IFRS 15 on constraining estimates of variable consideration are also applied in order to determine the amount of variable consideration that can be included in the transaction price. For goods that are expected to be returned, instead of revenue, the Group recognises a refund liability. A right of return asset (and corresponding adjustment to cost of sales) is also recognised for the right to recover products from a customer.

ACADEMY PRESS PLC
NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS - CONTINUED
2. Material accounting policies - Continued

2.3 Summary of material accounting policies - Continued

d) Revenue from contracts with customers - Continued

► Right of return

Before including any amount of variable consideration in the transaction price, the group considers whether the amount of variable consideration is constrained. The Group determined that the estimates of variable consideration are not constrained and that the uncertainty on the variable consideration will be resolved upon delivery of goods which is also the point of invoicing the customer.

► Penalties

Certain contracts with some customers provides that in the event that the group fails to supply goods within the stipulated time, the group will pay a certain rate of penalty of the total contract sum for each week of default to an agreed maximum rate. The penalties to be paid by the group to its respective customers if it fails to deliver goods within the contract period is considered to be a variable consideration since the right to receive the consideration is contingent on the occurrence or non-occurrence of a future event. (i.e., the contract specifies that the group will pay a penalty if it fails to perform according to the agreed upon terms). The penalties should be accounted for as variable consideration.

Before including any amount of variable consideration in the transaction price, the group considers whether the amount of variable consideration is constrained. By nature, penalties will be constrained and recognised when they are liable to be paid. However, since the amount paid are based on the actual performance on the contract, it may be considered similar to warranty payments (e.g., in situations in which an entity pays the customer's direct costs to remedy a defect). The Group determined that the estimates of variable consideration are not constrained and that the uncertainty on the variable consideration will be resolved upon delivery of goods which is also the point of invoicing the customer.

Consideration paid or payable to a customer

Consideration payable to a customer includes cash amounts that a Group pays, or expects to pay, to the customer (or to other parties that purchase the Group's goods or services from the customer). Consideration payable to a customer also includes credit or other items (for example, a coupon or voucher) that can be applied against amounts owed to the Group (or to other parties that purchase the Group's goods or services from the customer).

Significant financing component

Generally, the Group receives short-term advances (deposits) from its customers. Using the practical expedient in IFRS15, the Group does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised good or service to the customer and when the customer pays for that good or service will be one year or less.

Also, for sales transactions, the receipt of the consideration by the Group does not match the timing of the transfer of the good to the customer (e.g., the balance of the consideration is paid after the good has been delivered). Using the practical expedient in IFRS 15, the Group does not adjust the promised amount of consideration for the effects of a significant financing component since it expects, at contract inception, that the period between the transfer of the promised good or service to the customer and when the customer pays for that good or service will be one year or less.

Warranty obligations

The Group typically warrant that goods printed are of standard quality and free of substantive defects. Customers therefore have a contractual right to return defective products purchased for new prints if it can be proven that such defects occurred at the time of sale. These assurance-type warranties are accounted for under IAS 37 Provisions, Contingent Liabilities and Contingent Assets.

d) Revenue from contracts with customers - Continued

Contract balances

► **Contract assets**

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

► **Trade receivables**

A receivable represents the Group's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets under financial instruments - initial recognition and subsequent measurement.

► **Contract liabilities**

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Group performs under the contract.

i. Initial deposits

The Group receives an initial deposit of about 70 to 80% of sales from customers in order to procure materials for the printing jobs. These contracts are wholly unperformed contracts as at the time of receipt of the deposit, hence they create a contract liability as customers are required to pay an initial deposit before production starts. The Group will continually recognise initial deposits for future goods or services as contract liabilities. Revenue will be recognised when the goods or services are delivered or performed.

Assets and liabilities arising from rights of return

► **Right of return assets**

Right of return asset represents the Group's right to recover the goods expected to be returned by customers. The asset is measured at the former carrying amount of the inventory, less any expected costs to recover the goods, including any potential decreases in the value of the returned goods. The Group updates the measurement of the asset recorded for any revisions to its expected level of returns, as well as any additional decreases in the value of the returned products.

► **Refund liabilities**

A refund liability is the obligation to refund some or all of the consideration received (or receivable) from the customer and is measured at the amount the Group ultimately expects it will have to return to the customer. The Group updates its estimates of refund liabilities (and the corresponding change in the transaction price) at the end of each reporting period. Refer to above accounting policy on variable consideration.

e) Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset. When the Group receives grants of non-monetary assets, the asset and the grant are recorded at nominal amounts and released to profit or loss over the expected useful life of the asset, based on the pattern of consumption of the benefits of the underlying asset by equal annual instalments.

2.3 Summary of significant accounting policies - Continued

f) Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date in the countries where the Group operates and generates taxable income.

Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit or loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Minimum tax

Minimum tax refers to the lowest amount of tax that a corporation must pay, regardless of deductions or credits that may reduce taxable income. Minimum tax liability is recognized in the financial statements when it is probable that the tax will be incurred and can be reasonably estimated.

Minimum tax is measured based on the applicable tax rate and the taxable income subject to minimum tax provisions. The Group has adopted the policy choice to account for Minimum tax as part of income tax expense within the scope of IAS 12.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- ▶ When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- ▶ In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint arrangements, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- ▶ When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- ▶ In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint arrangements, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Tax benefits acquired as part of a business combination, but not satisfying the criteria for separate recognition at that date, are recognised subsequently if new information about facts and circumstances change. The adjustment is either treated as a reduction in goodwill (as long as it does not exceed goodwill) if it was incurred during the measurement period or recognised in profit or loss.

The Group offsets deferred tax assets and deferred tax liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

ACADEMY PRESS PLC
NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS - CONTINUED
2. Material accounting policies - Continued

2.3 Summary of material accounting policies - Continued

g) Foreign currencies

The Group's consolidated financial statements are presented in Naira, which is also the parent Group's functional currency. For each entity, the Group determines the functional currency and items included in the financial statements of each entity are measured using that functional currency. The Group uses the direct method of consolidation and on disposal of a foreign operation, the gain or loss that is reclassified to profit or loss reflects the amount that arises from using this method.

i) Transactions and balances

Transactions in foreign currencies are initially recorded by the Group's entities at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

h) Dividend Distributions

Dividend distributions payable to equity shareholders is recognised as liability after the reporting date when declared and approved by shareholders at the annual general meeting.

i) Property, plant and equipment

Property, plant and equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the property, plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of property, plant and equipment are required to be replaced at intervals, the Group recognises such parts as individual assets with specific useful lives and depreciates them accordingly.

Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit and loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

The straight-line method is used to depreciate the cost less any estimated residual value of the assets over their expected useful lives. Property plant and equipment as follows:

Property, plant and equipment class	
Leasehold land	Over the remaining lease period
Building	99
Plant & Machinery	12.5
Furniture and fittings	20
Motor Vehicle (Commercial vehicles)	20
Motor Vehicles (Private Cars)	25
Tools and spares	12.5

Depreciation is recognized within "cost of sales and administrative expenses" depending on the utilization of the respective assets.

ACADEMY PRESS PLC
NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS - CONTINUED
2. Material accounting policies - Continued

2.3 Summary of material accounting policies - Continued

i) Property, plant and equipment - Continued

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit and loss when the asset is derecognised.

The residual values, useful lives and methods of depreciation of each item of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

j) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

k) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit or loss in the expense category that is consistent with the function of the intangible assets.

Computer software	8 years
-------------------	---------

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

The Group software is amortised using a straight line method over a period of 8 years in which the amortisation expense is recognised in the profit or loss as an expense category.

As at 31 March 2025, the group did not have any indefinite intangible assets.

l) Financial instruments - initial recognition and subsequent measurement

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i) Financial assets

Initial recognition and measurement

Financial assets are classified at initial recognition as, amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

Financial assets are subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

ACADEMY PRESS PLC
NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS - CONTINUED
2. Material accounting policies - Continued

2.3 Summary of material accounting policies - Continued

1) Financial instruments - Continued

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient, the Group initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient are measured at the transaction price determined under IFRS 15. The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient, the Group initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient are measured at the transaction price determined under IFRS 15. Refer to the accounting policies on revenue from contracts with customers.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- ▶ Financial assets at amortised cost (debt instruments)
- ▶ Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)
- ▶ Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- ▶ Financial assets at fair value through profit or loss

The Group's financial assets includes financial assets at amortised cost.

Financial assets at amortised cost (debt instruments)

The Group measures financial assets at amortised cost if both of the following conditions are met:

- ▶ The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows

And

- ▶ The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Financial assets at amortised cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

The Group's financial assets at amortised cost include trade receivables and other receivable.

ACADEMY PRESS PLC
NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS - CONTINUED
2. Material accounting policies - Continued

2.3 Summary of material accounting policies - Continued

l) Financial instruments - Continued

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Group of similar financial assets) is primarily derecognised (i.e., removed from the Group's statement of financial position) when:

- ▶ The rights to receive cash flows from the asset have expired
Or
- ▶ The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of its continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

Impairment of financial assets

The Group recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms (if any).

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For trade receivables and intercompany receivables (involving sales in the ordinary course of business), the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For receivables from related parties (non-trade), and staff loans, the Group applies general approach in calculating ECLs. It is the Group's policy to measure ECLs on such asset on a 12-month basis. However, when there has been a significant increase in credit risk since origination, the allowance will be based on the lifetime ECL.

The Group calculates ECLs based on a three probability-weighted scenarios to measure the expected cash shortfalls, discounted at an approximation to the EIR. A cash shortfall is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive.

ACADEMY PRESS PLC
NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS - CONTINUED
2. Material accounting policies - Continued

2.3 Summary of material accounting policies - Continued

i) Financial instruments - Continued

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

- ▶ PD The Probability of Default is an estimate of the likelihood of default over a given time horizon.
- ▶ EAD The Exposure at Default is an estimate of the exposure at a future default date, taking into account expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise.
- ▶ LGD The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the Group would expect to receive, including from the realization of any collateral. It is usually expressed as a percentage of the EAD.

When estimating the ECLs, the Group considers three scenarios (a base case, an upside, a downside). Each of these is associated with different PDs, EADs and LGDs. In its ECL models, the Group relies on a broad range of forward looking information as economic inputs, such as:

- ▶ GDP growth
- ▶ Oil price
- ▶ Exchange rate
- ▶ Inflation rate

Write-offs

Financial assets are written off either partially or in their entirety only when the Group has stopped pursuing the recovery. If the amount to be written off is greater than the accumulated loss allowance, the difference is first treated as an addition to the allowance that is then applied against the gross carrying amount. Any subsequent recoveries are credited to profit or loss.

ii) Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, or payables, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in profit or loss.

This category generally applies to interest-bearing loans and borrowings and trade and other payables.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

iii) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

ACADEMY PRESS PLC
NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS - CONTINUED
2. Material accounting policies - Continued

2.3 Summary of material accounting policies - Continued

m) Inventories

Inventories are valued at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

Costs incurred in bringing each product to its present location and condition are accounted for, as follows:

- Raw materials: Raw materials which include purchase cost and other costs incurred to bring the materials to their location and
- Work in progress: Cost of work-in-progress includes cost of materials and attributable overheads to the level of completion.

- Spare parts and consumables: Spare parts and other consumables are valued at weighted average cost after making allowance for slow moving stocks while obsolete and damage items are expensed. The spare parts are generic in nature hence they are classified as inventory and are recognized in the profit or loss as consumed.
- Goods-in- transit: Goods-in- transit are carried at purchase cost to date.

See Note 21 for the Group and Company's inventories.

n) Impairment of non-financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. A long-term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses of continuing operations, including impairment on inventories, are recognised in profit and loss in those expense categories consistent with the function of the impaired asset.

For assets excluding goodwill, an assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in profit and loss.

o) Cash and short-term deposit

Cash and short-term deposits in the statement of financial position comprise cash at banks and on hand.

ACADEMY PRESS PLC
NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS - CONTINUED
2. Material accounting policies - Continued

2.3 Summary of material accounting policies - Continued

p) Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in profit and loss net of any reimbursement. Provisions are not recognized for future operating losses.

Contingencies

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group, or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

Contingent liabilities are only disclosed by way of note and not recognized as liabilities in the consolidated statement of financial position.

q) Employee Benefits

Employee benefits are all forms of benefits given in exchange for services rendered by employees. These are classified as:

- a) Short-term employee benefits - benefits due to be settled within 12 months after the end of the period in which the employees rendered the related services;
- b) Post-employment benefits are benefits payable after the completion of employment. Such plans (or funds) may be either defined contribution funds or defined benefit funds.

Short-term benefits

The cost of all short-term employee benefits, such as salaries, profit sharing arrangements, employee entitlements to leave pay, bonuses, medical aid and other contributions, are recognised during the period in which the employee renders the related service. The Group recognises the expected cost of bonuses only when the Group has a present legal or constructive obligation to make such payment and a reliable estimate can be made. During the year the Group companies contributed to employee benefits in the following categories: - remuneration in the form of salaries, wages and bonuses.

Post-employment Retirement Benefit Funds

(a) Defined contribution scheme

In line with statutory provisions of the Pension Reform Act 2014, the Group and its employees contribute to statutory defined contribution pension scheme for its employees. Employees contributions of 8% of their insurable earnings (basic, housing and transport) to the scheme are funded through payroll deductions while the Group's contributions of 10% are charged to profit or loss. The Funds which is defined contribution plans are independently administered with no obligations on the Group other than the defined contribution as a percentage of employees' qualifying remunerations. Both employees' and the group's share of the contributions are charged as staff cost in the administrative expenses in the profit and loss when the employee renders the service.

ACADEMY PRESS PLC
NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS - CONTINUED
2. Material accounting policies - Continued

2.3 Summary of material accounting policies - Continued

q) Employee Benefits- Continued

(b) Defined benefit scheme

The Group has a defined benefit gratuity scheme for its employees which is funded under this scheme, a specific amount in accordance with the Benefit Scheme Policy is contributed by the Group and charged to profit or loss account over the service life of the employees. These employees' entitlements are calculated based on their actual basic salaries, transport and housing at the end of each month and paid to Academy Press Gratuity Trust Fund.

Other long-term benefits are recognised when an obligation arises. The Group had no other long-term benefit commitments during the year.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the statement of financial position with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

- ▶ The date of the plan amendment or curtailment, and
- ▶ The date that the Group recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognises the following changes in the net defined benefit obligation under 'cost of sales', 'administration expenses' and 'selling and distribution expenses' in the consolidated statement of profit or loss (by function):

- ▶ Service costs comprising current service costs, past-service costs, gains and losses on curtailments and Non-routine settlements
- ▶ Net interest expense or income

r) Segment reporting

The chief executive officer has been identified as the chief operating decision maker who is responsible for allocating resources and assessing performance of the operating segments. The Chief Executive Officer reviews internal management reports on a monthly basis. These internal reports are prepared on the same basis as the consolidated and separate financial statements. The segments' operating results are regularly reviewed by the entity's Chief Executive Officer to make decisions about resources to be allocated to each segment and assess its performance, and for which discrete financial information is available. The identification of operating segments is on the basis of internal reports that are regularly reviewed by the entity's chief operating decision maker in order to allocate resources to the segment and assess its performance. The Group has identified the Chief Executive Officer as the chief operating decision maker.

s) Pensions and other post-employment benefits

The Group operates a defined contribution plan in line with the provisions of the Pension Reform Act 2014. This plan is in proportion to the services rendered to the Group by the employees with no further obligation on the part of the Group.

The Group and its employees each contribute a minimum of 10% and 8% respectively of employee's total emoluments. Staff contributions to the scheme are funded through payroll deductions while the group's contribution is recorded as personnel expenses in the profit or loss.

t) Key management personnel

For the purpose of related party disclosures, key management personnel are those who have authority and responsibility for planning, directing and controlling the activities of Group. For Academy Press key management personnel are considered to be designations from Director Level at the Group.

ACADEMY PRESS PLC
NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS - CONTINUED
2. Material accounting policies - Continued

2.3 Summary of material accounting policies - Continued

u) Earnings per share

The group presents basic/ diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the parent by the weighted average number of ordinary shares outstanding during the year.

Diluted EPS is calculated by adjusting the weighted average number of ordinary shares outstanding to assume conversion of all dilutive potential ordinary shares.

2.4. Changes in accounting policies and disclosures

(a) New and amended standards and interpretations adopted

The Group applied for the first-time certain standards and amendments, which are effective for annual periods beginning on or after 1 January 2026 (unless otherwise stated). The Group has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

(i) Amendments to IAS 21 - Lack of exchangeability

For annual reporting periods beginning on or after 1 January 2025, Lack of Exchangeability - Amendments to IAS 21 The Effects of Changes in Foreign Exchange Rates specifies how an entity should assess whether a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking. The amendments also require disclosure of information that enables users of its financial statements to understand how the currency not being exchangeable into the other currency affects, or is expected to affect, the entity's financial performance, financial position and cash flows.

The amendments did not have a material impact on the Group's financial statements.

(b) New and revised IFRS Accounting Standards issued but not yet effective

(i) Classification and Measurement of Financial Instruments - Amendments to IFRS 9 and IFRS 7

In May 2024, the IASB issued Amendments to IFRS 9 and IFRS 7, Amendments to the Classification and Measurement of Financial Instruments (the Amendments). The Amendments include:

- Clarifications of the requirements for recognition and derecognition of financial assets and financial liabilities. In particular, a financial liability is derecognised on the 'settlement date' and an accounting policy choice is introduced (if specific conditions are met) to derecognise financial liabilities settled using an electronic payment system before the settlement date
- Additional guidance on how the contractual cash flows for financial assets with environmental, social and corporate governance (ESG) and similar features should be assessed
- Clarifications on what constitute 'non-recourse features' and what are the characteristics of contractually linked instruments
- The introduction of disclosures for financial instruments with contingent features and additional disclosure requirements for equity instruments classified at fair value through other comprehensive income (OCI)

The amendments did not have a material impact on the Group's financial statements.

2.4. Changes in accounting policies and disclosures - Continued

(b) Standards issued but not yet effective - Continued

(ii) Annual Improvements to IFRS Accounting Standards - Volume 11

This contains amendments to five standards as result of the IASB's annual improvements project. The amendments are effective for annual reporting periods beginning on or after 1 January 2026.

Amendments to:

IFRS 1 First-time Adoption of International Financial Reporting Standards;
IFRS 7 Financial Instruments: Disclosures and its accompanying Guidance on implementing IFRS 7;
IFRS 9 Financial Instruments;
IFRS 10 Consolidated Financial Statements; and
IAS 7 Statement of Cash flows

The amendment on derecognition of lease liabilities applies only to lease liabilities extinguished on or after the beginning of the annual reporting period in which the amendment is first applied. The IASB's amendments remove the conflict between IFRS 9 and IFRS 15 over the amount at which a trade receivable is initially measured.

Under IFRS 15, a trade receivable may be recognized at an amount that differs from the transaction price - e.g. when the transaction price is variable. Conversely, IFRS 9 requires that companies initially measure trade receivables without a significant financing component at the transaction price. The IASB has amended IFRS 9 to require companies to initially measure a trade receivable without a significant financing component at the amount determined by applying IFRS 15.

The amendments did not have a material impact on the Group's financial statements.

(iii) Contracts Referencing Nature-dependent Electricity - Amendments to IFRS 9 and IFRS 7

In December 2024, the IASB issued Amendments to IFRS 9 and IFRS 7 - Contracts Referencing Nature-dependent Electricity. The amendments apply only to contracts that reference nature-dependent electricity, and they:

- Clarify the application of the 'own-use' requirements for in-scope contracts
- Amend the designation requirements for a hedged item in a cash flow hedging relationship for in-scope contracts
- Add new disclosure requirements to enable investors to understand the effect of these contracts on a company's financial performance and cash flows.

The amendments will be effective for annual reporting periods beginning on or after 1 January 2026.

The amendments did not have a material impact on the Group's financial statements.

ACADEMY PRESS PLC
NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS - CONTINUED
2. Material accounting policies - Continued

2.4. Changes in accounting policies and disclosures - Continued

(b) Standards issued but not yet effective - Continued

The new and amended standards and interpretations that are issued, but not yet effective, up to the date of issuance of the Group's financial statements are disclosed below. The Group intends to adopt these new and amended standards and interpretations, if applicable, when they become effective.

(iv) IFRS 18 Presentation and Disclosure in Financial Statements

In April 2024, the IASB issued IFRS 18 Presentation and Disclosure in Financial Statements, which replaces IAS 1 Presentation of Financial Statements. IFRS 18 introduces new requirements for presentation within the statement of profit or loss, including specified totals and subtotals. Furthermore, entities are required to classify all income and expenses within the statement of profit or loss into one of five categories: operating, investing, financing, income taxes and discontinued operations, whereof the first three are new. There are specific presentation requirements and options for entities, that have specified main business activities (either providing finance to customers or investing in specific type of assets, or both).

The standard requires disclosure of newly defined management-defined performance measures, which are subtotals of income and expenses, and includes new requirements for aggregation and disaggregation of financial information based on the identified 'roles' of the primary financial statements (PFS) and the notes.

In addition, narrow-scope amendments have been made to IAS 7 Statement of Cash Flows, which include changing the starting point for determining cash flows from operations under the indirect method, from 'profit or loss' to 'operating profit or loss' and removing the optionality around classification of cash flows from dividends and interest. In addition, there are consequential amendments to several other standards.

IFRS 18, and the amendments to the other standards, are effective for reporting periods beginning on or after 1 January 2027, but earlier application is permitted and must be disclosed. IFRS 18 will apply retrospectively.

The Group is currently working to identify all impacts the amendments will have on the primary financial statements and notes to the financial statements. The initial expected material impacts on Group's financial statements are, as follows:

- Rental income, change in fair value from investment properties and share of profit or an associate and a joint venture will be classified in the investing category within the statement of profit or loss.
- Interest received and interest paid will be classified in the investing activities and financing activities, respectively, on the statement of cash flows.
- Foreign exchange differences will be classified in the category where the related income and expense form the item giving rising to the foreign exchange difference, with some exceptions.
- New disclosures will be added: (a) management-defined performance measures; (b) specified expense by nature if expenses are presented by function in the operating category of the statement of profit or loss; and (c) a reconciliation for each line item in the statement of profit or loss between the restated amounts presented applying IFRS 18 and the amounts previously presented applying IAS 1.
- Interest received and interest paid will be classified in the investing activities and financing activities, respectively, on the statement of cash flows.

(v) IFRS 19 Subsidiaries without Public Accountability: Disclosures

In May 2024, the IASB issued IFRS 19, which allows eligible entities to elect to apply its reduced disclosure requirements while still applying the recognition, measurement and presentation requirements in other IFRS accounting standards. To be eligible, at the end of the reporting period, an entity must be a subsidiary as defined in IFRS 10, cannot have public accountability and must have a parent (ultimate or intermediate) that prepares consolidated financial statements, available for public use, which comply with IFRS accounting standards.

IFRS 19 will become effective for reporting periods beginning on or after 1 January 2027, with early application permitted. The amendment is not expected to have impact on the Group.

(vi) Translation to a Hyperinflationary Presentation Currency- Amendments to IAS 21: Assets between an Investor and its Associate or Joint Venture

The IASB issued a narrow-scope amendment to IAS 21 in November 2025 to clarify how financial statements are translated when an entity's functional currency is non-hyperinflationary but its presentation currency is hyperinflationary. The amendment requires all amounts (i.e., assets, liabilities, equity items, income and expenses), including comparatives, to be translated using the closing exchange rate at the date of the most recent statement of financial position.

The amendment is effective for annual periods beginning on or after 1 January 2027, with early application permitted.

The Group does not intend to early adopt the amendment to the standard prior to its effective date. Management will assess the potential impact of adopting the amendment on the Group's and the Company's financial statements when the amendment becomes effective.

3. Significant accounting judgements, estimates and assumptions

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the Group's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the consolidated and separate financial statements.

i) Revenue from Contracts with Customers

The Group applied the following judgements that significantly affect the determination of the amount and timing of revenue from contracts with customers:

Determining the timing of sales of goods

The Group concluded that revenue from contract with customers is to be recognised over time because the Group's performance does not create an asset with alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

The Group has determined that the output method is the best method in measuring progress because it can demonstrate that the invoiced amount corresponds directly with the value to the customer of the Group's performance completed to date.

Determining method to estimate variable consideration and assessing the constraint

Certain contracts for the sale of goods include a right of return and penalties that give rise to variable consideration. In estimating the variable consideration, the Group is required to use either the expected value method or the most likely amount method based on which method better predicts the amount of consideration to which it will be entitled.

The Group determined that the expected value method is the appropriate method to use in estimating the variable consideration for the sale of goods with rights of return and penalties, given the large number of customer contracts that have similar characteristics. The Group also determined that the estimates of variable consideration are not constrained and that the uncertainty on the variable consideration will be resolved upon delivery of goods which is also the point of invoicing the customer.

Estimates and assumptions

Provision for expected credit losses of trade receivables

The Group uses a provision matrix to calculate ECLs for trade receivables. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns (i.e., by product type, customer type and rating).

The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. For instance, if forecast economic conditions (i.e., gross domestic product) are expected to deteriorate over the next year which can lead to an increased number of defaults in the manufacturing sector, the historical default rates are adjusted. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. The information about the ECLs on the Group's trade and other receivables is disclosed in Note 19.3.

3. Significant accounting judgements, estimates and assumptions - Continued

Measurement of the expected credit loss allowance for financial asset

The measurement of the expected credit loss allowance for financial assets measured at amortised cost (due from related companies) is an area that requires the use of complex models and significant assumptions about future economic conditions and credit behaviour (e.g. the likelihood of customers defaulting and the resulting losses). Explanation of the inputs, assumptions and estimation techniques used in measuring ECL is further detailed in Note 19.3ii.

A number of significant judgements are also required in applying the accounting requirements for measuring ECL, such as:

- Determining criteria for significant increase in credit risk;
- Choosing appropriate models and assumptions for the measurement of ECL;
- Establishing the number and relative weightings of forward-looking scenarios for each type of product/market and the associated ECL ; and
- Establishing groups of similar financial assets for the purposes of measuring ECL.

Estimates and assumptions

Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs of disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Group is not yet committed to or significant future investments that will enhance the performance of the assets of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes. These estimates are most relevant to goodwill and other intangibles with indefinite useful lives recognised by the Group.

Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits, together with future tax planning strategies.

4 Segment information

For management purposes, the Group is organised into business units based on their products and services. The strategic business units offer different products and services, and are managed separately because they require different technology and marketing strategies. For each of the strategic business units, the Executive Management Team reviews internal management reports on at least a quarterly basis.

Segment gross profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries. However, finance costs, credit loss expense, other operating income, selling expenses, administrative expenses, income taxes, assets and liabilities are managed on a group basis and are not allocated to operating segments. There are no transfers between the operating segments hence there are no transfer prices set for any transactions that may arise. The segments managers are assessed based on the performance on sales and cost of sales. They do not have control over the assets and liabilities. Segments results are as shown below:

Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties.

6 Fair value measurement

For the Group's financial assets and other financial liabilities i.e. the trade and other receivables balances and trade and other payables, their fair values approximate their carrying amounts largely due to the short-term maturities of these instruments.

The following table provides the fair value measurement hierarchy of the Group's liabilities.

Fair value measurement hierarchy for assets and liabilities as at 31 March 2026:

			Fair value measurement using:			
	Date of valuation	Carrying value	Total	Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
			₦'000	₦'000	₦'000	₦'000
The Group						
Liabilities

ACADEMY PRESS PLC
NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS - CONTINUED

15.1 Current income tax - Continued

The current tax charge has been computed in accordance with the Nigeria Tax Act 2025, at the applicable rate of 30% (31 March 2025: 30%) plus a development levy of 4% (31 March 2025: education tax of 3% and Nigeria Police Trust Fund Levy of 0.005%) on the profit for the year, after adjusting for certain items of expenditure and income which are not deductible or chargeable for tax purposes.

Reconciliation of effective tax rate

The tax on the Group and Company's profit before tax differs from the theoretical amount that would arise using the tax rate applicable to profits of the Company. The reconciliation of amount reported as tax expense in the statement of comprehensive income to the income tax using the domestic corporation tax rate is presented below:

	Group		Company

16 Earnings per Share (EPS)

Basic earnings per share (EPS) is computed by dividing the profit for the year attributable to ordinary equity holders of the parent by the weighted average number of ordinary shares outstanding during the year. The EPS for the year was impacted by the issuance of 151,200,000 bonus shares, which increased the number of shares in issue. Consequently, basic EPS for the financial year ended 31 March 2026 amounted to ₦0.250 per share.

The following table reflects the income and share data used in the basic and diluted EPS calculations:

	Group	
	2026	2025
	₦'000	₦'000
Profit attributable to ordinary equity holders	287,600	722,396
	=====	=====
EPS prior to restatement	Thousands	Thousands
Weighted average number of ordinary shares	907,200	756,000
	=====	=====
Basic/diluted earnings per share (naira)	0.317	0.956
	=====	=====
Restated EPS	Thousands	Thousands
Weighted average number of ordinary shares	907,200	907,200
	=====	=====
Basic/diluted earnings per share (naira)	0.317	0.796

i Alidan Investment Limited

This is medium term facility on new terms and conditions of four (4) years tenor at 11% per annum".

In 2025, the terms of the loan was modified which is substantial and as a result, the initial carrying amount of the loan was derecognised and a new loan was recognised.

19.3 Financial instruments risk management objectives and policies

The Group's principal financial liabilities comprise loans and borrowings, and trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations. The Group's principal financial assets include trade receivables, due from related parties, staff loans and cash and bank balances that derive directly from its operations.

The Group is exposed to market risk, credit risk and liquidity risk. The group's senior management oversees the management of these risks. The group's risk management is governed by the Board, through the Board Financial, Risk and Audit committee. The board of directors reviews and agrees policies for managing each of these risks, which are summarised below.

Operational risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the Company's processes, personnel, technology and infrastructure, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of corporate behavior. Operational risks arise from all of the Company's operations.

The Company's objective is to manage operational risk so as to balance the avoidance of financial losses and damage to the Company's reputation with overall cost effectiveness and to avoid control procedures that restrict initiative and creativity.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise four types of risk: interest rate risk, currency risk, commodity price risk and other price risk, such as equity price risk. Financial instruments affected by market risk include: current loans and borrowings and deposits.

Foreign Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's interest - bearing loans and borrowings and the Group's operating activities (when revenue or expense is denominated in a different currency from the Group's functional currency) . Management has set up a policy requiring the Group to manage their foreign currency risk against their functional currency. The Group is required to manage its entire foreign currency risk exposure with the Group finance. To manage their foreign currency risk arising from future commercial transactions and recognized assets and liabilities, companies in the Group ensure that significant transaction are contracted in the Group's functional currency. Foreign currency risk arises when future commercial transactions or recognised assets or liabilities are denominated in a currency that is not the group's functional currency. The group is mostly affected by changes in USD and British Pounds rates than any other foreign currency.

The financial instruments exposed to currency risk are bank balances and trade payables.

ACADEMY PRESS PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS - CONTINUED

19.3 Financial instruments risk management objectives and policies - Continued

The table below shows the sensitivity analysis of the Group's profit before tax based on changes in exchange rates:

Group and Company	Change in USD rate	Effect on profit before tax
		₦'000
2026	15%	9,910
	-15%	(9,910)
2025	15%	41,445
	-15%	(41,445)

A weakening of the Naira against the above currencies at reporting date would have had the equal opposite effect on the above currencies to the amounts shown above, on the basis that all other variables remain constant.

Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Trade receivables

Customer credit risk is managed by each business unit subject to the Group's established policy, procedures and control relating to customer credit risk management. Credit quality of the customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. The Group does not hold collateral as security. The Group evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets. The Group's maximum exposure to credit risk for the components of the statement of financial position is its carrying amount.

An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on days past due for groupings of various customer segments with similar loss patterns (i.e., by geographical region, product type and customer type). The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions. Generally, trade receivables are written-off if past due for more than one year and are not subject to enforcement activity. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 22. The Group does not hold collateral as security. The letters of credit and other forms of credit insurance are considered integral part of trade receivables and considered in the calculation of impairment. The Group evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

Deposits with banks and other financial institutions

Credit risk from balances with banks and financial institutions is managed by the Group's treasury department in accordance with the Group's policy. Surplus funds are spread amongst reputable commercial banks and funds must be within treasury limits assigned to each of the counterparty. Counterparty treasury limits are reviewed by the Group's Financial Controller periodically and may be updated throughout the year subject to approval of the Financial Controller. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through potential counterparty's failure. The Group's maximum exposure to credit risk for the components of the statement of financial position is its carrying amount.

i Impairment of financial assets

Trade receivables

For trade receivables, the Group applied the simplified approach in computing ECL. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses (ECL). The provision rates are based on days past due for groupings of various customer segments with similar loss patterns. The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions. Generally, trade receivables are written-off if past due for more than one year and are not subject to enforcement activity.

ii **Expected credit loss measurement - Staff loans**

The Group applied the general approach in computing expected credit losses (ECL) for staff loans. The Group recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

The ECL is determined by projecting the PD, LGD and EAD for each future month and for each individual exposure. These three components are multiplied together and adjusted for the likelihood of survival (i.e. the exposure has not prepaid or defaulted in an earlier month). This effectively calculates an ECL for each future month, which is then discounted back to the reporting date and summed. The discount rate used in the ECL calculation is the original effective interest rate or an approximation thereof.

The 12-month and Lifetime PDs are derived by mapping the internal rating grade of the obligors to the PD term structure of an external rating agency for all asset classes. The 12-month and lifetime EADs are determined based on the expected payment profile, which varies by product type. The assumptions underlying the ECL calculation - such as how the maturity profile of the PDs, etc. - are monitored and reviewed on a regular basis. There have been no significant changes in estimation techniques or significant assumptions made during the reporting period. The significant changes in the balances of the other financial assets including information about their impairment allowance are disclosed below respectively.

The Group considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows. The reconciliation of these balances are as stated note 22.

iii Analysis of inputs to the ECL model under multiple economic scenarios

An overview of the approach to estimating ECLs is set out in Note 2.3I Summary of significant accounting policies and in Note 3 Significant accounting judgements, estimates and assumptions. To ensure completeness and accuracy, the Company obtains the data used from third party sources (Central Bank of Nigeria, Standards and Poor's etc.) and a team of expert within its credit risk department verifies the accuracy of inputs to the Company's ECL models including determining the weights attributable to the multiple scenarios.

The macro economic variables considered for the two economic scenarios include inflation, crude oil price and prime lending rate.

Group and Company

31-Mar-26

Key drivers	ECL Scenario	Assigned Probabilities	2026	2027
Exchange rate				
	Upturn	7%	1,282	1,195
	Base	78%	1,425	1,338
	Downturn	15%	1,502	1,415
GDP Growth rate %				
	Upturn	7%	4.50%	4.70%
	Base	78%	4.30%	4.50%
	Downturn	15%	4.10%	4.30%

Liquidity risk

The Company monitors its risk of a shortage of funds using a liquidity planning tool.

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, and bank loans. The Company's policy is that not more than 25% of borrowings should mature in the next 12-month period. Approximately 30% of the Company's debt will mature in less than one year at 31 March 2026 (2025: 21%) based on the carrying value of borrowings reflected in the financial statements. The Company assessed the concentration of risk with respect to refinancing its debt and concluded it to be low. The Company has access to a sufficient variety of sources of funding and debt maturing within 12 months can be rolled over with existing lenders.

Financial liabilities

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

Group	Carrying amount	On demand	Less than 3 months	3 to 12 months	1 to 5 years	> 5 years	Contractual cash flows

	=====	=====	=====	=====	=====	=====	=====

The terms of the loan was modified which is substantial and as a result, the initial carrying amount of the loan was derecognised and a new loan was recognised. Upon derecognition, a loss of ₦45million was debited into profit or loss.

19.5 Capital management

For the purpose of the Group's capital management, capital includes issued capital, share premium and retained earnings attributable to the equity holders of the parent. The primary objective of the Group's capital management is to maximise the shareholder value.

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group's policy is to keep the gearing ratio between 50% and 70%. The Group includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and bank balances.

	Group		Company	
	2026	2025	2026	2025
	₦'000	₦'000	₦'000	₦'000
Interest-bearing loans and borrowings (Note 19.2)	337,797	354,187	337,797	354,187
Trade and other payables (Note 25)	1,123,114	1,588,329	683,809	1,198,726
Less: cash and short term deposit (Note 23)	(612,388)	(774,422)	(602,678)	(751,258)
Net debt	848,523	1,168,094	418,928	801,655
	-----	-----	-----	-----
Total Capital: Equity	1,059,569	886,686	1,205,804	1,165,386
	-----	-----	-----	-----
Capital and net debt	1,908,092	2,054,780	1,624,732	1,967,041
	=====	=====	=====	=====
Gearing ratio	44.47%	56.85%	25.78%	40.75%

In order to achieve this overall objective, the Group's capital management, among other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches of the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2026 and 2025.

22 Trade receivables and other receivables - Continued

Trade receivables are non-interest bearing and are generally on terms of 30 to 90 days.

Other receivables relate to withholding tax receivables as regards the entity's invoices to their customers.

The staff loans represent interest free loans given to members of staff of Academy Press Plc. The loans repayments are usually monthly or quarterly; depending on the agreement with individual members of staff. The loans are carried at amortised cost using the effective interest method and are tested for impairment for uncollectibility. The terms are:

- ▶ The fair value (i.e. present value of the future cash flow) of the loan was determined using the market interest rate or the Central prime lending rate.
- ▶ A monthly deduction is made from payroll over the tenor of the loan.
- ▶ Terms of repayment are agreed with any staff that is existing in the business but have outstanding loan receivables.

Short-term fixed deposit includes restricted cash of N77.516 million (2025: N64.662 million) on unclaimed dividend which was returned to the Company by the Registrar and held in a separate bank account and has been invested in line with SEC rules on dividend investment. The short-term fixed deposits are made for varying periods of between 30 - 90 days, depending on the immediate cash requirements of the Group, and earn interest at the respective short-term deposit rates.

Bank overdraft represents working capital facility obtained from financial institutions in Nigeria. Interest charged ranged from 29% to 32.5% during the year ended 31 March 2026 (2025: 29% to 32.5%). Total interest charged for the year with respect to the overdrafts were recorded in profit or loss and amounted to N11.012 million (2025: N24.067 million).

At 31 March	907,200	453,600	756,000	378,000
	=====	=====	=====	=====

During the year, the Company effected a bonus issue of one (1) new ordinary share for every five (5) ordinary shares held by existing shareholders. This resulted in the allotment of 151,200,000 ordinary shares of 50 kobo each, amounting to ₦75.6 million, which was capitalised from retained earnings.

The bonus issue led to a 20% increase in the issued share capital. As the shares were issued by way of capitalisation of retained earnings, there was no change in the total equity of the Company.

The bonus issue was duly approved by shareholders at the Annual General Meeting on 23 October 2025 and was allotted the same day.

32 Commitments and contingencies

Contingent asset as at 31 March 2026 amounts to ₦90.37 million (2025: ₦46.09 million). This represents an amount won from the case with Africana First Publishers Plc and Ugo C. Ugo Publishing Company Limited. The directors are of the opinion that all known liabilities and commitments have been taken into consideration in the preparation of these financial statements.

33 Events after the reporting period

There were no events after the reporting period that would have a material impact on the financial statements of the Group and Company that have not been appropriately recognised or disclosed therein, except for the resignation of the Managing Director/Chief Executive Officer, Mr. Olugbenga Ladipo, on 1 April 2026, who was replaced by the former Deputy Managing Director, Mrs. Oluwakemi Ogunnubi.

34 Comparative figures

Certain reclassifications were made to the reported figures in the prior year in order to conform to this year's presentation.

*An amount of N165.677 million representing bank overdraft in 2025 was reclassified from cash and bank balances to interest-bearing loans and borrowings for appropriate and consistent disclosure in 2026.

*An amount of N24.067 million representing interest on overdraft in 2025 was reclassified from administrative expenses to finance cost for appropriate and consistent disclosure in 2026.
