ANNOUNCEMENT TO NIGERIAN EXCHANGE LIMITED AND THE INVESTING PUBLIC

DELAY IN FILING OF THE AUDITED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2026

The Board of Directors of Multi-Trex Integrated Foods Plc ("Multi-Trex" or "the Company") informs Nigerian Exchange Limited ("NGX" or "The Exchange"), shareholders and the investing public that the Company has not yet filed its Audited Financial Statements for the year ended 30 April 2026 ("2026 AFS"). The 2026 AFS were due for filing on Wednesday, 29 July 2026, and the cure period under the Rules for Filing of Accounts and Treatment of Default Filing has also expired.

The Board regrets this delay This announcement sets out the reasons for the delay and the expected filing date.

REASONS FOR THE DELAY

The audit of the 2026 AFS by the Company's external auditors, Baker Tilly Nigeria, took longer than projected because of the following legacy challenges:

1. **Transition from AMCON intervention.** The Company was entangled for a seven-year period under the intervention of the Asset Management Corporation of Nigeria (AMCON). During that period, the Company's assets and records were under AMCON's control. Following the hand-back of the Company in 2022, the reconstituted management has had to reconstruct accounting records, starting from 2014, contending with cases of damaged, lost, vandalised documentation and absence of institutional memory resident in the employees saddled with finance function that were laid off among over 200 others. Consequently, meeting our timely account filing obligations has proved quite challenging – which is why the NGX compassionately granted us a two-year moratorium in November 2024 to re-establish compliance.

CURRENT STATUS

The Board is pleased to inform the market that the audit of the 2026 AFS has now been concluded by the Company's external auditors, Baker Tilly Nigeria, moving us close re-establishing full compliance.

All governance meetings, including those of the Statutory Audit Committee, Board Finance, Risk & Audit Committee and the full Board have been scheduled to hold over the next two weeks to consider and approve the 2026 AFS. Once approved, the 2026 AFS will be filed with the Exchange soon after.

EXPECTED FILING DATE

Following the approval of the 2026 AFS at the scheduled governance meetings, the Company expects to file the 2026 AFS with The Exchange on or before **Friday, 20 November 2026**.

MEASURES TO PREVENT RECURRENCE

To avoid a recurrence, the Company:

(a) Envisages that the adverse effect of the legacy challenges will continue to have reducing effect on its reporting obligation

(b) Will continue to strengthen its finance team and accounting reporting systems

(c) Anticipates that the audit process will henceforth consume relatively less time.

To conclude the Board and management of Multi-Trex Integrated Foods Plc apologises to the Exchange and investing public in general for the delay, and would like to assure that we remain committed to full compliance with the Rules of The Exchange.
