She is a Fellow of the Institute of Chartered Accountants of Nigeria (ICAN) and an Associate of the Chartered Professional Accountants of Ontario, Canada (CPA Ontario).

Management Commentary

"Profit after tax has almost doubled, and it has been earned from our core investment activity. But the more important work this year has been making sure results like these can be sustained. We have recapitalised the Group, lengthened our funding and placed our capital market businesses under a single SEC-approved holding company. With the appointment of Mrs. Emezie-Ezigbo as Deputy Managing Director, we are building the leadership depth that will allow this institution to keep performing well beyond any one individual or management team."

— Nonso Okpala, Group Managing Director/Chief Executive Officer, VFD Group Plc

"The rights issue has done what we said it would. Company borrowings fell 14% and shareholders' funds more than doubled. The Group's funding is longer-dated and less dependent on short-term financing. Into the fourth quarter, we will focus on formalising a succession framework for key leadership positions across the Group and its portfolio companies; continuing to lower the cost and extend the tenor of our funding; deploying capital with discipline across our five investment verticals; and completing the integration and expansion of our capital markets business, Anchoria Capital Group under their new corporate structure."

— Folajimi Adeleye, Executive Director, Finance, VFD Group Plc
