1. REPORTING ENTITY

Aradel Holdings Plc ("the Company") was incorporated on 25 March 1992. The consolidated financial statements of the Company as at and for the period ended 30 September 2026 comprise the Group and the Company and the Group's interest in associates.

The Group is engaged in the exploration for, and development and production of oil and natural gas.

The Head Office of the Company is located at:
15 Babatunde Jose Road,
Victoria Island,
Lagos,
Nigeria.

The consolidated financial statements are drawn up in United States Dollar and Nigerian Naira in accordance with IFRS Accounting Standards.

1.2 Composition of Financial Statements

The financial statements comprise:

- Consolidated and separate statement of profit and loss and other comprehensive income
- Consolidated and separate statement of financial position
- Consolidated and separate statement of changes in equity

1.4 Basis of accounting

The financial statements have been prepared in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board (IASB), and in the manner required by the Companies and Allied Matters Act (CAMA), 2020 and Financial Reporting Council of Nigeria (Amendment) Act, 2023.

Statement of compliance

The consolidated and separate financial statements of Aradel Holdings Plc, and all of its subsidiaries ("The Group") have been prepared in compliance with the IFRS Accounting Standards as issued by the International Accounting Standards Board and IFRS Interpretations Committee (IFRIC) interpretations applicable to companies reporting under IFRS.

Basis of measurement

The consolidated and separate financial statements are prepared under the historical cost convention, except for certain financial instruments which are measured at amortised cost or at fair value. The functional currency is Dollar and presentation currency is Naira.

All amounts have been rounded to the nearest thousand, unless otherwise indicated.

The preparation of the consolidated and separate financial statements in conformity with IFRS Accounting Standards requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates and underlying assumptions are continually evaluated and are based on the Directors' best knowledge of current events and actions, actual results ultimately may differ from those estimates.

1 Segment Reporting

Business segments are based on the Group's internal organisation and management reporting structure. The Group's operations cover 4 segments-Crude Oil, Gas, Refinery & Investment Properties. Some intersegement transactions were prevalent amongst the reporting segments during the reporting period under consideration, hence the eliminations necessary to achieve proper consolidation. Management remains commited to continuous value creation and accretion of the reserves. The reporting segments of the Group derive their revenues within and outside Nigeria & goods are transferred at a point in time. The segment reports are also in line with the Group's accounting policies.

Contingent Consideration	982,790	989,373	-	-
Total	982,790	989,373	-	-

The contingent consideration arose from the acquisition of ND Western Limited and Renaissance Africa Energy Company Limited and has been recognised as part of the provisional purchase price allocation for the business combination. The amount represents management's provisional estimate of the acquisition-date fair value of amounts that may become payable under the acquisition agreements. Payments made during the period amount to $394.3 million and remeasurement loss amounts to $383.6 million.

The purchase price allocation remains provisional because the acquisition was completed on 31 December 2025, and as at the current reporting date, the Group has not obtained all information necessary to finalise the valuation of the contingent consideration by the date, these financial statements were authorised for issue. The Group expects to finalise the valuation of the contingent consideration within the IFRS 3 measurement period, which will not exceed one year from the acquisition date. Any measurement period adjustments arising from new information about facts and circumstances that existed at the acquisition date will be accounted for retrospectively as part of the finalisation of the purchase price allocation.
