REPORT OF THE DIRECTORS

In accordance with section 385 of the Companies and Allied Matters Act, 2020, the Directors have the pleasure of presenting herewith their Annual Report containing the Statement of Financial Position as at April 30, 2026 together with the Statement of Profit or Loss and Other Comprehensive Income for the year ended on that date.

1. LEGAL STATUS

Cutix Plc was incorporated on November 4, 1982, as a private limited liability Company. It was quoted on the Second Tier of the Nigerian Stock Exchange on August 12, 1987, and later migrated to the First Tier of the Exchange on February 18, 2008. The price per 50k share of the Company as at April 30, 2026 was ₦3.06.

2. PRINCIPAL ACTIVITIES OF THE COMPANY

The principal activities of the Company are the manufacturing and marketing of electrical, automobile, cables and related products.

3. RESULT FOR THE YEAR

The following are highlights of the Company's performance in FY 2026.

	GROUP FY 2026 ₦'000	COMPANY FY 2026 ₦'000	GROUP FY 2025 ₦'000	COMPANY FY 2025 ₦'000

16. Statement of the Company’s Risk Management Policies and Compliance System

The Board of Directors have the responsibility of ensuring the maintenance of a sound system of internal control and risk management. This responsibility is delegated to the Audit Risk and Compliance Committee of the Board which is vested with the responsibility of reviewing the adequacy of the internal controls, the framework, policies and processes deployed in identifying principal risks of the business and management of the Company's risk framework. In compliance with the requirements of the NCCG and with extant regulations as may be revised from time to time, Management provided assurance to the Board during the financial year that the risk management, control and compliance systems in Cutix Plc operate efficiently and effectively. These assurances are examined critically by the Board through the ARC Committee at its quarterly meetings and its findings are reported

The principal aim of Cutix Plc's risk management systems is to identify, evaluate and manage risks with a view to enhancing the value of shareholders' investments and safeguarding assets. Our risk management process is disciplined and methodical to ensure value addition and value protection for the Company. Cutix Plc considers risk management philosophy and culture as the set of shared beliefs, values, attitudes and practices that characterize how it considers risk in everything it does, from strategy development and implementation to its day-to-day activities.

We have continued to sustain a strong control program through our internal control’s framework, which complies with Internal Control over Financial Reporting requirements, and which also ensures that the company complies with all relevant legislations. Operational flexibility and the ability to quickly adapt to change are now critical success factors for any business, particularly on account of the heightened national security issues and the significant inflationary environment in our business world. Cutix Plc continues to improve its flexibility and implement strategies that enable the business to adapt to the changes that are continuously happening in the economy.

During the year under review, the Board ensured that all emerging risks were carefully identified and managed with periodic risk deep dives, to ensure our robust control environment and the assurance program remains effective while adapting to the rapid changes that the business experienced. There remains a regular review and monitoring of the overall risk and control environment of the business at the Management level and by the ARC Committee of the Board.

17. Complaint Management Policy

The Complaint Management framework ensures the effective, fair, and timely handling of complaints from shareholders, investors, and other stakeholders. The policy establishes clear procedures for receiving, documenting, investigating and resolving complaints in a transparent and confidential manner. It is aimed at enhancing stakeholder confidence, improving service delivery, and ensuring that all concerns are addressed promptly and in line with regulatory expectations and best practice standards.

18. Whistle-Blowing Policy

The Company maintains a robust Whistle-Blowing and Ethical Reporting Framework designed to promote transparency, accountability, ethical conduct, and sound corporate governance across all levels of the organization. The framework provides secure and confidential channels through which employees, contractors, consultants, directors, shareholders, customers, vendors, and other stakeholders may report suspected misconduct, unethical practices, regulatory breaches, fraud, financial impropriety, abuse of authority, health and safety violations, or any act inconsistent with the Company's Code of Business Conduct and applicable laws, policies, and procedures.

The Board and Management remain committed to fostering a strong ethical culture by reinforcing integrity, professionalism, and responsible business practices throughout the Company's operations. This commitment continues to strengthen stakeholders' confidence while safeguarding the Company's reputation, assets, and long-term sustainability. The whistle-blowing framework encourages early reporting and proactive identification of potential risks or irregularities that may adversely impact operational efficiency, financial integrity, regulatory compliance, or the overall corporate image of the Company. All reports received are treated with the highest level of confidentiality and are reviewed in line with established investigation and escalation procedures.

The Company maintains a strict non-retaliation policy and is committed to protecting any individual who, in good faith, reports a concern or participates in an investigation under the whistle-blowing policy. No employee or stakeholder shall be subjected to intimidation, victimization, discrimination, or any form of adverse treatment for making a genuine disclosure. To enhance accessibility and encourage responsible reporting, the Company has provided multiple reporting channels, including confidential opinion boxes located at strategic points within the organization, a dedicated whistle-blowing hotline, and a designated email reporting platform. These channels are independently monitored to ensure prompt attention, objectivity, and appropriate resolution of reported matters. The dedicated whistle-blowing channels are: Hotline: 07073057584 and Email: whistleblower@cutixplc.com.ng. The Company will continue to strengthen its governance and compliance culture through periodic awareness initiatives, policy reviews, employee sensitization, and continuous improvement of its whistle-blowing mechanisms in line with evolving regulatory and corporate governance expectations.

19. Securities Trading Policy

The Board maintains a Securities Trading Policy which governs trading in the company's securities by Directors, employees and other insiders. All covered persons are required to comply with the policy's provisions, including restrictions on trading during closed periods and when in possession of material non-public information. The policy is designed to uphold market integrity, prevent insider trading and ensure compliance with applicable laws and regulatory requirements. It further promotes transparency and accountability in all dealings involving Cutix Plc's securities.

20. Conflict of Interest Policy

The company maintains a conflict of interest policy and all Board members are required to execute same stating that they would adhere to its provisions. The conflict of interest policy ensures transparency and objectivity, protects the interests of Cutix shareholders, stakeholders and the general investing public in the course of the activities of the Board or any of its Committees. The policy ensures that conflicts of interest, whether real or perceived, that may arise within the Board are identified, disclosed and managed appropriately.

21. Claw Back Policy

Cutix Plc has policy in place for the potential recovery of excess incentive-based compensation paid or payable (whether based on cash or equity) to covered employees in the event the financial statements of the Company are restated or because of misconduct by the employee or noncompliance with the Financial Reporting requirement. The covered employees include any officer of the Company and any other individual designated from time to time by the Board. The

Governance and Compensation Committee of the Board is responsible for overseeing the application of this policy.

22. Effectiveness of Internal Control System

The Company maintains a structured and continuously evolving internal control framework designed to support operational efficiency, financial integrity, regulatory compliance, risk management, and the safeguarding of corporate assets. The framework is intended to provide reasonable assurance regarding the reliability of financial reporting, effectiveness of operations, and adherence to applicable laws, regulations, and internal policies.

The Compliance Department is responsible for independently evaluating the adequacy and effectiveness of the Company's internal audit and control systems and recommending improvements where necessary. This responsibility is discharged through periodic risk-based audits, compliance reviews, control assessments, process evaluations, and continuous monitoring of key operational and financial activities across the Company. The department conducts systematic reviews of harmonized processes and controls within various departments to identify control gaps, operational inefficiencies, process weaknesses, emerging risks, and non-compliance issues. Appropriate recommendations and corrective actions are communicated to Management to strengthen the overall control environment and improve process reliability and accountability.

As part of its governance responsibilities, the Compliance Department also supports the promotion of a strong risk and compliance culture by facilitating proactive risk identification, control enhancement initiatives, fraud prevention measures, and continuous process improvement across the organization. To preserve the independence and objectivity of the internal audit function, the reporting structure of the Compliance Department is clearly defined in line with corporate governance best practices. The internal auditor reports directly to the Audit, Risk and Compliance Committee of the Board, while maintaining a dotted reporting line to the Chief Executive Officer for operational coordination. The Company remains committed to continuously strengthening its internal control environment through periodic reviews, technology-driven monitoring mechanisms, policy enhancements, employee sensitization, and alignment with evolving regulatory and corporate governance requirements.

23. Relationship With Stakeholders

Cutix Plc maintains effective communication with its Shareholders and this enables them understand the Company's business, financial condition, operating performance and trends. Apart from our Annual Report and Accounts, proxy statements and formal shareholders' meetings, the Company maintains an investor's portal on the website that provides information on a wide range of issues for all stakeholders. The Company regularly files statutory returns to the Securities and Exchange Commission (SEC) and the Nigerian Exchange Limited ("the Exchange or NGX") which are usually accessible to the shareholders on the NGX's portal.

HIGHLIGHTS OF SUSTAINABILITY ISSUES

Our approach to sustainability reflects our commitment to responsible business. We strive to create a positive environmental impact, supporting security for all and ensure the resilience of our business by integrating Environmental, Social and Governance (ESG) principles into governance frameworks guides our sustainability journey and aspirations towards creating long-term value for both the people and the planet. It articulates our commitment to sustainable business practices, responsible growth, and the creation of enduring value for our stakeholders. The Company is consistently attentive to the interests of its stakeholders -including shareholders, employees, host communities, consumers, government entities, and the general public. It is also mindful of the country's social and cultural diversity and actively promotes national interests, cohesion, and values, without compromising global aspirations where applicable.

The Company upholds a culture of integrity, with zero tolerance for unethical practices. Our goal is to be recognized as the world's best-performing and most trusted brand. We understand that achieving this requires fulfilling our sustainable development commitments. During the period under review, we implemented initiatives to advance our sustainable development strategy, as outlined below:

A. Environment

i. Environmental Sustainability

Guided by a culture that promotes fairness to all stakeholders, we are sincerely committed to corporate social responsibility. Cutix Plc is focused on minimizing any adverse environmental impact arising from its operations.

In compliance with regulatory requirements, we ensure that all health, safety, and environmental standards are met. We recognize the significance of environmental issues to our stakeholders and their fundamental link to the long-term sustainability of Cutix Plc. Our objective is to establish and sustain an environment where our business activities do not result in long-term degradation of natural resources, nor cause lasting harm to species, habitats, or the climate.

We ensure that an Environmental Impact Assessment (EIA) is conducted before commencing any new project. Periodic audits are also carried out, and applicable recommendations are implemented accordingly.

ii. Training and Welfare of Employees

Our training initiatives during the year successfully delivered critical capacity-building in safety, compliance, and technical competence to key areas of the company. Building on this foundation, the new year marks a strategic pivot for Cutix Plc. We are accelerating our training rollout to ensure widespread, comprehensive talent development that drives operational efficiency across all units.

iii. Health and Safety of Employees

Cutix Plc places great importance on the health and safety of its employees by maintaining a safe and healthy working environment. The company implements workplace safety policies, provides the necessary safety equipment, and conducts regular training programs to ensure that employees are well informed about safety procedures. Through these measures, Cutix Plc strives to prevent workplace accidents, promote employee well-being, and improve productivity.

In addition, the company conducts random fire drills to create safety awareness among employees. Periodically, the company collaborates with the Nigerian Red Cross Society to

provide training and basic information on safety and emergency response for staff and members of the host community. Furthermore, medical experts and health institutions are invited at regular intervals to conduct health screening exercises for employees, helping them understand their health status regarding contagious diseases, as well as methods of prevention and treatment during each financial year.

B. Social Issues

i. Local Communities and Social Investments

Cutix Plc is committed to ensuring that she creates value for all the stakeholders and her host community who contribute to her business success. We passionately believe that Corporate Social Responsibility (CSR) should be at the forefront of our strategic objectives. Thus, the Company is committed to creating an enduring partnership for sustainable development.

As a disciplined and trusted corporate citizen, we strive to fulfil our responsibilities to the societies and communities where we operate. The company has made provisions for assistance in health, education and free medical check-ups for immediate neighbours during its safety week. Potable water is also provided for the community where we operate to alleviate the sufferings of the residents as part of its social responsibility program. We also invite students and pupils of selected schools in the host community to our annual Children's Christmas party. The Company also provides electricity to her immediate neighbours. All these are aimed at giving back to the community.

ii. Sponsorships and Donations

The Company also gives annual subvention to the Rehabilitation Centre for the Disabled, Old and Tramps (RECDOT) and the veterans. Financial assistance was given to registered community security group, while educational institutions and scholarships were given to indigent students during the period under review.

iii. Consumer Communication

Electrical cables are the lifelines of modern infrastructure. They carry power safely and reliably to homes, offices, industries, and public facilities. At Cutix Plc, we believe that educating consumers about the proper use and maintenance of cables is essential to ensuring safety, efficiency, and durability. Cutix Plc remains dedicated to producing **exclusive quality cables and wires** that meet global standards.

The dangers encountered in using substandard electrical cables and wires have made Cutix Plc to continually educate and encourage the users of electrical cables and wires, the need to constantly insisting on electrical products that conform to standards. Through continuous consumer education, we aim to empower households, businesses and industries to make informed decisions that enhance safety, efficiency, and sustainability.

Our products are both human and environmentally friendly, thereby making us distinctive in the cable manufacturing industry. Customers can identify our products with our special features which are but not limited:

- Inscription on the cable (cable type, size, voltage rating and brand name).
- A branded strapping tape for holding the wrap firm.
- Label bearing the parameters as inscribed and the standard quantity per wrap.
- Branded wrapping poly sheet covering the cables without a hollow.
- Power cables packed in branded drums with the drum numbers boldly written.

The company has provided various feedback channels that include website, emails, official phone numbers and feedback form circulated every quarter.

iv. **Quality Assurance and Product Safety**

Quality assurance and product safety remain fundamental to the operations, reputation, and strategic priorities of Cutix Plc. The Company is committed to maintaining the highest standards of product quality, reliability, safety, and regulatory compliance across all stages of its manufacturing and supply chain processes. Within the Nigerian cable industry, the Cutix brand has continued to distinguish itself through consistent delivery of high-quality and safety-compliant products trusted by customers, distributors, contractors, and industry stakeholders. The Company operates a robust quality management framework supported by established controls, testing procedures, inspection mechanisms, and process monitoring systems designed to ensure strict compliance with applicable national and international standards.

Quality control activities are embedded throughout the production lifecycle, from raw material sourcing and production processes to testing, packaging, storage, and final product distribution. The Company continuously reviews and enhances its quality assurance procedures in line with technological advancements, industry developments, evolving customer expectations, and regulatory requirements to drive operational excellence and continuous improvement. Cutix Plc has consistently retained the Mandatory Conformity Assessment Programme (MANCAP) certification and continues to successfully participate in the quarterly product quality revalidation exercises conducted by the Standards Organisation of Nigeria. These validations reinforce the Company's commitment to product integrity, consumer safety, and regulatory compliance.

The Company's commitment to quality excellence and customer trust has continued to attract industry recognition and corporate distinction. Notably, in April 2026, Cutix Plc won the ISO World Corporate Brand of the Year Award as the Most Trusted Premium Electrical Switch and Cable Systems Company of the Year, further reinforcing the Company's reputation for product quality, reliability, innovation, and industry leadership. The Company remains committed to sustaining a culture of quality excellence, innovation, product safety, and continuous improvement while delivering durable and reliable cable solutions that meet the needs of diverse industries and markets.

Employees, directors, contractors, consultants, agents, and all parties acting on behalf of the Company are strictly prohibited from offering, giving, soliciting, receiving, or authorizing any form of bribe, kickback, facilitation payment, improper financial benefit, gift, or undue advantage intended to influence business decisions, secure preferential treatment, or obtain unfair business benefits, whether involving public officials, private organizations, customers, suppliers, or other stakeholders. The Company prohibits indirect acts of bribery conducted through intermediaries, third parties, representatives, or business associates. All business relationships and transactions are expected to be conducted transparently and in accordance with the Company's ethical standards and approved policies.

To reinforce compliance and ethical conduct, the Company has established internal control measures, approval processes, reporting mechanisms, and oversight procedures aimed at preventing, detecting, and responding to bribery and corruption risks across its operations. Employees are periodically sensitized on ethical business conduct, conflict of interest management, anti-corruption obligations, and reporting responsibilities. The Company encourages prompt reporting of any suspected act of bribery, corruption, unethical conduct, or regulatory breach through established whistle-blowing channels. All reported concerns are treated confidentially and investigated appropriately in line with the Company's policies and procedures.

Any violation of the Company's anti-bribery and anti-corruption requirements shall constitute serious misconduct and may result in disciplinary action, regulatory reporting, contract termination, or legal consequences where applicable. Cutix Plc remains committed to sustaining an ethical business culture that promotes responsible corporate behaviour, stakeholder trust and long-term organizational sustainability.

iii. Relationship with Regulators

Cutix Plc maintains a cordial relationship with all relevant regulatory authorities. The Company promptly complies with and responds to all requests made, according to the law, providing information to the regulators and other relevant agencies.

iv. Customer and Supplier Relations

Cutix Plc has been committed to demonstrating honesty, integrity and fairness to its customers, contractors, suppliers, agents, as well as employees. Thus, they are in return expected to adhere strictly to the company's non-negotiable standards for a smooth and fair relationship between both parties.

STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RELATION TO THE PREPARATION OF THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS

For the period ended 30 April 2026

The Directors of Cutix Plc are responsible for the preparation of the consolidated and separate financial statements that give a true and fair view of the financial position of the Company as at 30th April 2026 and the results of its operations, cash flows and changes in equity for the year ended, in compliance with International Financial Reporting Standards ("IFRS") and in the manner required by the Companies and Allied Matters Act, 2020 (as amended) of Nigeria, and the Financial Reporting Council of Nigeria Act, 2011.

In preparing the consolidated and separate financial statements, the Directors are responsible for:

- Ensuring that the Company keeps proper accounting records which disclose with reasonable accuracy, the financial position of the Company and comply with the requirements of the Companies and Allied Matters Act of Nigeria, and the Financial Reporting Council of Nigeria Act.
- Designing, implementing and maintaining an effective and sound system of internal controls throughout the Company to safeguard the assets and prevent and detect fraud and other irregularities.
- Preparing the consolidated and separate financial statements using suitable accounting policies supported by reasonable and prudent judgments and estimates that are consistently applied.

Directors are of the opinion that the consolidated and separate financial statements give a true and fair view of the state of the financial affairs of the Company and the Group and of the financial performance and cash flows for the year. The Directors further accept responsibility for the maintenance of accounting records that may be relied upon in the preparation of financial statements, as well as adequate systems of internal financial control.

Nothing has come to the Directors to indicate that the Company and Group will not remain a going concern for at least twelve months from the date of this statement. The consolidated and separate financial statements of the Company and Group for the year ended 30 April 2026 were approved by the Directors on 13th July 2026.

INDEPENDENT LIMITED ASSURANCE REPORT ON MANAGEMENT'S ASSESSMENT OF INTERNAL CONTROL OVER FINANCIAL REPORTING (ICFR)

To the Members of Cutix Plc

Conclusion

We have undertaken a limited assurance attestation engagement on management's assessment of the effectiveness of Cutix Plc ("the Company") internal control over financial reporting ("ICFR") as at 30 April 2026.

Management's assessment of the effectiveness of the Company's ICFR is prepared using the criteria established in the Committee of Sponsoring Organizations of the Treadway Commission (COSO) Internal Control – Integrated Framework (2013).

Based on the procedures we have performed and the evidence we have obtained, nothing has come to our attention that causes us to believe that management's assessment that the Company maintained, in all material respects, effective internal control over financial reporting as at 30 April 2026 based on the COSO Internal Control – Integrated Framework (2013), is not fairly stated.

Basis for Conclusion

We conducted our limited assurance engagement in accordance with International Standard on Assurance Engagements (ISAE) 3000 (Revised), Assurance Engagements Other than Audits or Reviews of Historical Financial Information. This Standard requires that we plan and perform our engagement to obtain limited assurance about whether management's assessment is fairly stated, in all material respects, based on the applicable criteria.

A limited assurance engagement involves performing procedures to obtain sufficient appropriate evidence regarding management's assessment. The procedures performed in a limited assurance engagement vary in nature and timing from, and are substantially less in extent than, those performed in a reasonable assurance engagement. Consequently, the level of assurance obtained in a limited assurance engagement is substantially lower than the assurance that would have been obtained had a reasonable assurance engagement been performed.

Our procedures included, among others:

- a. obtaining an understanding of the Company's internal control over financial reporting processes relevant to the preparation of its financial statements;
- b. evaluating the suitability of the criteria used by management in preparing its assessment;
- c. inspecting relevant documentation supporting the design and implementation of selected controls;
- d. performing limited testing of selected controls over significant financial reporting processes; and
- e. considering identified control deficiencies and their impact on management's assessment.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion.

Management's Responsibilities

Management is responsible for establishing and maintaining effective internal control over financial reporting and for assessing the effectiveness of such controls.

Management's assessment has been prepared using the COSO Internal Control – Integrated Framework (2013) and includes consideration of controls relevant to the Company's significant financial reporting processes, including, where applicable:

- procurement and payables;
- inventory management and production processes;
- revenue and receivables;
- property, plant and equipment;
- treasury and cash management;
- taxation;
- financial close and reporting; and
- information technology controls supporting financial reporting.

Management is responsible for designing, implementing and maintaining internal control over financial reporting that provides reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements in accordance with the applicable financial reporting framework.

Our Responsibilities

Our responsibility is to express a limited assurance conclusion on management's assessment of the effectiveness of the Company's internal control over financial reporting based on the evidence obtained.

We exercised professional judgment and maintained professional skepticism throughout the engagement.

Our Independence and Quality Management

We are independent of the Company in accordance with the independence and other ethical requirements applicable to assurance engagements, including the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) and applicable Nigerian requirements.

Our Firm applies International Standard on Quality Management (ISQM) 1, which requires us to maintain a system of quality management, including policies and procedures designed to ensure compliance with professional standards, ethical requirements and applicable legal and regulatory requirements.

Inherent Limitations of Internal Control over Financial Reporting

Because of the inherent limitations of internal control over financial reporting, including the possibility of human error, management override of controls, collusion or circumvention of controls, material misstatements due to fraud or error may not be prevented or detected. Accordingly, internal control over financial reporting can provide reasonable assurance, but not absolute assurance, that the Company's financial reporting objectives will be achieved.

Furthermore, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with policies and procedures may deteriorate.

Purpose and Restriction on Use

This report has been prepared solely for the purpose of reporting on management's assessment of the effectiveness of the Company's internal control over financial reporting and for inclusion in the Company's annual report. It should not be used for any other purpose without our prior written consent, except where required by law or regulation.

Conclusion

In conclusion, nothing has come to our attention to indicate that the internal control over financial reporting put in place by management is not adequate as of 30 April 2026, based on the requirements of the Committee of Sponsoring Organizations (COSO) Framework, and the SEC Guidance on Management Report on Internal Control over Financial Reporting.

Other Matter

We also have audited, in accordance with the International Standards on Auditing, the Annual Report for the year ended 30 April 2026 and expressed an unmodified opinion in our Auditors' Report dated 17 July 2026. Our conclusion is not modified in respect of this matter.

REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF CUTIX PLC

Report on Audit of the Consolidated and Separate Financial Statements

Our Opinion

We have audited the consolidated and separate financial statements of **Cutix Plc** (“**the Company**”) and its subsidiary (together referred to as “**the Group**”) which comprise the consolidated and separate statements of financial position as at 30 April 2026 and consolidated and separate statements of other comprehensive income, consolidated and separate statements of changes in equity and consolidated and separate statements of cash flows for the year then ended, the notes to the consolidated and separate statements and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated and separate financial statements of Cutix Plc (“**the Company**”) and its subsidiary (together referred to as “**the Group**”) give a true and fair view of the consolidated and separate financial position of Cutix Plc as at 30 April 2026 and the consolidated and separate financial performance and statement of cash flows for the year then ended in accordance with the International Financial Reporting Standards, the Companies and Allied Matters Act 2020 and the Financial Reporting Council of Nigeria Act, 2011.

Basis of Our Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the audit of the Financial Statements section of our report.

We are independent of the Group and Company in accordance with the International Ethics Standards Board for Accountants’ Code of Ethics for Professional Accountants (IESBA Code) and other independence requirements applicable to performing audits of financial statements in Nigeria. We have fulfilled our other ethical responsibilities in accordance with the IESBA Code and other ethical requirements that are relevant to our audit of consolidated Financial Statements in Nigeria. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matter is the matter that, in our professional judgment, was of most significance in our audit of the consolidated and separate financial statements for the year ended 30 April 2026. However, we have not identified such matter in the context of our audit of the consolidated and separate financial statements as a whole, and in forming our opinion thereon.

Other Information

The Directors are responsible for the other information. The other information comprises the information included in the document titled Cutix Plc Annual Reports & Accounts for the year ended 30 April 2026, which includes the Directors' Report, the Audit Committee's Report, the Company Secretary's Report, the Statement of Corporate Responsibilities for the Financial Statements, and Other National Disclosures as required by the Financial Reporting Council of Nigeria which we obtained prior to the date of this report. The other information does not include the consolidated and separate financial statements and our auditor's report thereon.

Our opinion on the consolidated and separate financial statements does not cover the other information and we do not and will not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the consolidated and separate financial statements, our responsibility is to read the other information and in doing so, consider whether the other information is materially inconsistent with the consolidated and separate financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is no material misstatement of this other information. We have nothing to report in this regard.

Responsibilities of the Directors for the Consolidated and Separate Financial Statements

The Directors are responsible for the preparation and fair presentation of the consolidated and separate financial statements in accordance with International Financial Reporting Standards and the requirements of the Companies and Allied Matters Act 2020, Financial Reporting Council (Amendment) Act, 2023 and for such internal control as the Directors determine is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated and separate financial statements, the Directors are responsible for assessing the Group's and Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group and/or the Company or to cease operations, or have no realistic alternative but to do so. Those charged with governance are responsible for overseeing the Group and Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated and Separate Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ❖ Identify and assess the risks of material misstatement of the consolidated and separate

financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

- ❖ The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ❖ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group and the Company's internal control.
- ❖ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- ❖ Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists relating to events or conditions that may cast significant doubt on the Group and Company's ability to continue as a going concern. We thereby conclude that no material uncertainty exists, which we are required to draw attention in our auditor's report to the related disclosures in the consolidated and separate financial statements. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report.
- ❖ Evaluate the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures, and whether the Group and Company's financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Audit Committee and the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee and Directors with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and where applicable, related safeguards.

From the matters communicated with the Audit Committee and the Directors, we determine those matters that were of most significant in the audit of the financial statements of the current year. We determined that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the benefits derivable by the public from such communication.

Report on Other Legal and Regulatory Requirements

In accordance with the Fifth Schedule of the Companies and Allied Matters Act, we expressly state that:

- a. We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b. The Group and Company have kept proper books of account, so far as appears from our examination of those books and returns adequate for our audit have been received from branches not visited by us.
- c. The Group and Company's statement of financial position, statements of profit or loss and comprehensive income are in agreement with the books of account and returns.

In accordance with the requirements of the Financial Reporting Council of Nigeria Assurance Engagement Report on Internal Control over Financial Reporting; we performed a limited assurance engagement and reported on Management's Assessment of the Company's Internal Control over Financial Reporting as of 30 April 2026. The work performed was done in accordance with the

International Standard for Assurance Engagements Other Than Audits or Reviews of Historical Financial Information ('ISAE 3000 (Revised)') and FRC Guidance on Assurance Engagement Report on Internal Control over Financial Reporting, and we have issued an unmodified opinion in our Report dated 17 July 2026. The report is included in these financial statements.

The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing their turn.

The company manages market risks by keeping costs low to keep prices within profitable range, foreign exchange risks are managed by maintaining foreign denominated bank accounts and keeping Letters of Credit (LC) facility lines with the Company's bankers. Also interest rates are benchmarked to NIBOR (for local loans) and LIBOR (for foreign denominated loans) with a large margin thereof at fixed rates while not foreclosing the possibility of taking interest rate hedge products should there be need to do so. The Company is not exposed to any equity risk.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
FOR THE YEAR ENDED 30TH APRIL, 2026

30.5 Industry Risk

The Nigerian cable and wire subsector belongs to the electrical and electronics sectoral group. Alongside two other sectoral groups, this sector is regarded as the most economically significant constituent group of the engineering sector. The performance of the Nigerian cable and wire industrial subgroup is, no doubt, noticed by all who should be in the know. The subsector is one of the very few in the country that have successfully dealt with foreign competition, especially in terms of superior product quality. In spite of the difficult economic conditions in Nigeria, the firms in the cable and wire industry are reputed to produce world-class products. The quality of products from this subsectoral group of the manufacturing industry is considered superior even by multinationals. Moreover, despite the prevalent capacity underutilisation in the industrial sector of the country as a whole, the cable and wire manufacturing firms have done relatively well.

30.6 Interest rate Risk Management

In managing interest rate risk, the Company aims to reduce the impact of short-term fluctuations on earnings. Over the longer term, however, permanent changes in interest rates would have an impact on profit. The Company opts for a mix of fixed and variable interest rates in its financing operations, combined with the use of other financial instruments. Currently, The Company's interest rate position is more weighted towards floating than fixed.

30.7 Foreign Exchange Risk Management

The company is exposed to currency risk on sales, purchases and borrowings that are denominated in a currency other than the functional currency of Company, primarily the Naira. The currencies in which these transactions primarily are denominated are Euro, US Dollars (USD) and Pounds Sterling (GBP). The currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to the changes in foreign exchange rates.

The company monitors the movement in currency rates on an ongoing basis to mitigate the risk that the movements in the exchange rates may adversely affect the Company's income or value of their holdings of financial instruments.

The company manages the transactional exposures in accordance with specific principles which are in line with the Company's business needs. These include balancing the sources of financial instruments. Exchange difference recorded in the statement of comprehensive income is allocated to the appropriate headings of expenses by function.

30.8 Credit Risk Management

Credit Risk is the Risk that a counterparty will default on its contractual obligations leading to a Financial loss. The Company is exposed to Credit Risk from its operating activities (primarily trade and other Receivables) and investing activities (deposits with banks). The company does not have significant portion of Receivables and bank balance concentrated in the hands of a single entity or a group of entities with common control. There are no collaterals held for these balances.

- **Trade and other Receivables**

The Company's Receivables consist of a number of customers across the country. Credit evaluation is usually performed on the Financial condition of accounts receivable. The company has a policy of only dealing with creditworthy counterparties. Credit exposure is controlled by counterparty limits that are reviewed and approved by the Board and Management periodically.

- **Bank Balances**

Credit Risk from balances with banks and Financial institutions is managed in a manner that would reduce the Risk of loss to the company. Surplus funds are spread amongst reputable commercial banks and are limited. The limits are set to minimise the concentration of Risks and therefore mitigate Financial loss through potential counterparty's liquidation.

The carrying amount of Financial Assets represents the company's maximum exposure, which at the reporting date, was as follows:

	Group		Company
