Lagos, Nigeria, July 30, 2026

This announcement is made by Nestlé Nigeria PLC (Nestlé Nigeria) to its shareholders, The Nigerian Exchange Limited and the investing public pursuant to Rule 17.6 of the Rulebook of The Exchange, 2015, (Issuers' Rules). The board of Nestlé Nigeria hereby issues this notification for the benefit of the relevant stakeholder and the general public.

Nestlé and Platinum Equity to create Peranel, a leading player in water and premium beverages

Nestlé Nigeria's majority shareholder, Nestlé S.A. (Nestlé), and Platinum Equity, have entered into an exclusive arrangement to create Peranel, a 50/50 joint venture for Nestlé's waters and premium beverages business (The Transaction).

The new company is expected to bring together a portfolio of more than 30 brands sold in 120 countries, creating a dedicated business with the scale, focus and expertise to support growth in this dynamic category. The portfolio includes iconic natural mineral water brands such as San Pellegrino, Source Perrier and Acqua Panna, alongside premium and functional hydration beverages, the global Nestlé Pure Life brand and other leading local water brands. Expected to be headquartered in Paris, Peranel is expected to be led by an experienced management team under Muriel Lienau, the current CEO of the business.

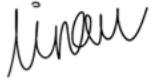

In Nigeria, subject to any required local approvals, the transaction will involve the transfer of Nestlé Nigeria's existing waters business to become part of the new joint venture for adequate consideration.

The Transaction will be subject to employee consultation processes, applicable regulatory approvals and ratification by the shareholders, and is expected to close in H1 2027.

The proposed Transaction does not affect or alter the shareholding of Nestlé in Nestlé Nigeria. Nestlé Nigeria will make further announcements in relation to the transaction, where required.
