Investment contract liabilities represent contracts that do not transfer significant insurance risk and are therefore accounted for as financial liabilities in accordance with IFRS 9 Financial Instruments rather than IFRS 17 Insurance Contracts.

These contracts primarily relate to savings oriented and investment linked products where the Company's obligation is to repay the account balance together with credited returns, subject to contractual terms and conditions.

The Company received a capital inflow of JPY650,000,000 (\$7,397,516) zero coupon bond raised from Daewoo Securities in December 2009.

The bond was tenured originally for 20 years with the lenders' option to convert the bond to Standard Alliance Insurance Plc's ordinary shares. If the option is not exercised, the Company must pay interest 4.25% per annum on the gross bond value for the entire term it has been outstanding. Daewoo Securities requested the full redemption of the bond in 2011 , after which the Company negotiated with it and are payment plan with the bond owners was renegotiated in 2012. Further negotiations commenced in 2015 and are still ongoing. The Company's outstanding liability to Daewoo Securities as of 31 December 2025 is JPY651,071,000 (2024: JPY630,959,000) ,principal and interest inclusive.

The Company through Lighthouse Limited, who was offered N5b worth of ordinary shares through a zero coupon irredeemable convertible debt paid off the Daewoo bond as offered \$2,025,000 as full and final payment of the bond.
