

Quarterly Investor Report

For the period ended 31st March 2026

OVERVIEW

The Chapel Hill Denham Nigeria Real Estate Investment Trust (“NREIT” or the “Fund”) is a Shariah compliant Real Estate Investment Trust (“REIT”) denominated in Naira and focused exclusively on the Nigerian real estate market. The Fund is registered as a REIT under the relevant rules and regulations of the Securities & Exchange Commission (“SEC”) Nigeria.

FUND OBJECTIVES

NREIT aims to provide investors with attractive risk-adjusted returns through a blend of regular income and capital appreciation. Its investment strategy focuses on acquiring assets that generate US dollar rental income and distributes income every quarter in the currency in which it is earned to investors.

The Fund’s strategy is to acquire multiple assets to establish a portfolio of high quality, A-grade, income producing real estate assets, diversified by sector, geography, tenants and lease expiry profile. NREIT targets Shariah compliant investments across target sectors, including the office, industrial and corporate residential sectors, with long-term corporate tenants.

The Fund performs multiple capital raises over time to create scale and diversification in its real estate portfolio. It acquires assets that offer an attractive entry yield, and benefit from contractual, inflation-protecting lease escalations, which in turn drive long-term capital appreciation, to offer a compelling total return to investors. In addition to this, the Fund Manager drives active value creation through reducing operating costs, improving tenancy and income, and growing other sources of income.

UPDATES FOR THE QUARTER

Portfolio summary

As at 31st March 2026, NREIT has a diversified portfolio of over 120 assets. The industrial portfolio consists of four standard industrial facilities with blue chip corporate tenants, and the corporate residential portfolio consists of 119 units with diplomatic and corporate residents paying dollar rentals.

During the quarter, the Fund completed its Series 5 fundraise, raising N7 billion. Proceeds from the fundraise were used to pay the balance for the acquisition of the additional warehouse asset at Lagos Free Zone and the rest to cover the Fund’s working capital requirements.

Distribution

The Fund announced a quarterly distribution for the quarter ended 31st March 2026 of N1.92 per unit for Series 1 - 4 investors, and N1.50 per unit for Series 5 investors with a qualification date of 23rd April 2026. This distribution will be paid to eligible Unitholders on 29th June 2026 and is fully funded from the cash inflows generated by the Fund during the quarter. The distributions will be payable in the currency in which income is earned. This will be the 21st consecutive quarterly distribution the Fund has made since inception.

Going forward, the Fund Manager will continue paying quarterly distributions to Unitholders, in line with the performance of the Fund.

We thank our investors for your support, and we continue to believe that NREIT’s strategy of creating a large and diversified vehicle will deliver attractive risk-adjusted returns for NREIT’s investors over the long-term.
