EXPLANATORY NOTE TO SHAREHOLDERS OF CORONATION INSURANCE PLC ON THE RESOLUTIONS TO BE CONSIDERED AT THE EXTRAORDINARY GENERAL MEETING TO BE HELD ON APRIL 24, 2026

This Explanatory Note has been prepared to provide shareholders of Coronation Insurance Plc ("the Company" or "Coronation Insurance") with information in respect of the Special Resolutions proposed for consideration at the Extraordinary General Meeting ("EGM") of the Company, scheduled to be held virtually via Zoom and hosted from the Company's Head Office at 119 Awolowo Road, Ikoyi, Lagos on April 24, 2026.

1. Background

Coronation Insurance Plc has articulated a clear strategic ambition focused on expanding market share, enhancing customer experience, and strengthening the competitive positioning of the Company and its subsidiaries. The Company currently operates two subsidiaries – Coronation Life Assurance Limited and Coronation Insurance Ghana Ltd. As part of its growth strategy, the Company intends to expand its regional footprint to five (5) African countries by 2028. In furtherance of this objective, the Company has received Approval-in-Principle to commence operations in Kenya (Coronation Insurance Kenya), a Key economic hub in East Africa.

The recent enactment of the Nigerian Insurance Industry Reform Act 2025 ("NIIRA 2025" or "the Act") has revised the minimum share capital requirements for insurers. In addition, guidelines issued by the National Insurance Commission ('NAICOM') stipulate that inadmissible assets shall not be included in the computation of an insurer's Minimum Capital Requirement or solvency margin.

Accordingly, Coronation Insurance Plc intends to maintain capital buffers in excess of the revised regulatory thresholds, particularly in light of its planned regional expansion.

2. Coronation Insurance Plc

Coronation Insurance Plc ("Coronation Plc") is a licensed non-life insurance company. It operates Coronation Life Assurance Limited ("Coronation Life"), a Nigerian-licensed life insurance company, and Coronation Insurance Ghana Ltd, a Ghanaian-licensed non-life insurance company.

Having considered various capital-raising alternatives, the Board of Directors has determined that the most efficient and expedient approach is to undertake a Private Placement of new Ordinary Shares.

3. Rationale for Proposed Private Placement

The Board has identified the need to raise additional capital in order to:

- Raise cash and increase the proportion of admissible assets, thereby maintaining statutory capital adequacy and complying with the revised minimum capital requirements for both non-life and life insurance businesses;
- Fund regional expansion and build the infrastructure required to support the Company's planned roll-out of insurance subsidiaries across Africa;
- Enhance the company's solvency margin and underwriting capacity.

In the light of the foregoing, the Board proposes to raise approximately ₦9,000,000,000 (Nine Billion Naira) through a Private Placement.

The Private Placement is considered advantageous for the following reasons:

- Speed of Execution:** A Private Placement can be completed within a shorter timeframe than a public offering, enabling timely compliance with NAICOM's recapitalisation deadlines;
- Pricing Flexibility:** The structure allows for efficient price discovery and flexibility in attracting institutional and strategic investors;
- Regulatory Alignment:** The proposed transaction is consistent with NAICOMs recapitalisation framework and aligns with the Company's recapitalisation plan submitted in September 2025 and updated in March 2026.

4. Application of Proceeds of the Private Placement

The net proceeds of the Private Placement will be applied as follows:

- **Capitalisation of Coronation Life Assurance Limited:** An equity injection of approximately ₦2,000,000,000 (Two Billion) to ensure compliance with the revised minimum capital requirement of ₦10,000,000,000 (Ten Billion Naira) for life insurers;
- **Balance Retention:** The remaining proceeds will be retained within Coronation Insurance Plc to strengthen its capital base and support strategic growth and regional expansion.

5. Terms of the Private Placement

Subject to shareholder approval at the EGM and the receipt of requisite regulatory approvals, Coronation Insurance Plc proposes to offer up to 4,285,714,286 new Ordinary Shares by way of Private Placement at an offer price of ₦2.16 per share, to raise up to ₦9,000,000,000 (Nine Billion Naira).

The new shares will be offered to a maximum of 50 investors, in compliance with the provisions of the Companies and Allied Matters Act 2020 (as amended) and the rules of the Securities and Exchange Commission on Private Placements.

The new Ordinary Shares will rank pari passu with the existing Ordinary Shares of the Company in all respects, including entitlement to dividends declared after the date of allotment (provided the relevant qualification date falls after such allotment).

6. Meeting to Approve the Proposed Resolution

The Extraordinary General Meeting of Coronation Insurance Plc will be held on April 24, 2026. Shareholders will be invited to consider and, if thought fit, approve the proposed resolutions. Each shareholder will be entitled to one vote for every ordinary share held. Voting at the EGM will be conducted by poll.

Subject to the approval of the resolutions by the requisite majority, all necessary filings will be made with the Corporate Affairs Commission, and the Securities and Exchange Commission.

7. Actions to be Taken

A shareholder entitled to attend and vote at the EGM may appoint a proxy to attend, speak, and vote on his/her behalf. A proxy need not be a shareholder of the company. To be valid, a proxy form must be duly completed, stamped by the Commissioner for Stamp Duties and either:

- emailed to clients@coronationregistrars.com or
